RADICALS MAY BACK SENATOR LA FOLLETTE

ASSURANCE

IS GIVEN BY THE 3RD PARTY MEN

LEADERS OF WESTERN FARMER AND LABOR REPRESENTATION GATHER IN ST. PAUL

WILLIAM MAHONEY BELIEVES CONVENTION WILL ENDORSE LA FOLLETTE

(By United Press)
St. Paul, June 16.—Senator Robert M. LaFollette as an independent candidate for the presidency will have the backing of the radical group despite his recent thrust at them.

This assurance was given by leaders in the most disturbed western farmers and laborers representation gathered here today for the "third party" convention.

William Mahoney, editor of a St. Paul labor newspaper, who up to this time has been the moving factor in organization of the convention, told the United Press today that the convention would endorse LaFollette.

Some farmer-laborites, socialists and communists are represented in the gathering, which is laying plans for formal opening of the three-day convention tomorrow.

While bitter resentment is felt toward LaFollette for his denunciation of the communistic tendencies of the convention, all plans have been made to keep the third party "protest" candidate from the field in order that LaFollette may have the full support of the radicals when he decides to run.

The leaders, like Mahoney, want to start a permanent third party, which will gain a par with the regular republican and democratic parties.

"LaFollette was misled by that gang in Washington," Mahoney told the United Press. "Samuel Gompers, head of the American Federation of Labor and Warren F. Stone, of the Big Four Railroad Brotherhood, choked him into this because they want to kill all chance of a third party. They would lose their jobs if a third party should be successful."

But they realize that all phases of the progressive sentiment in this country must be represented.

"LaFollette is not our man. He is not a radical, but he is the best we can get. He can't throw us over. We won't let him. We want to unite the progressives of 48 states, and we are willing to bury the hatchet to do it."

"His denunciation of us was merely a political move. He knew he would have our support anyway, so he refused to cater to us."

Endorsement of LaFollette, probably on Thursday, will be the first official recognition he has been granted as an independent candidate.

Mahoney said he saw LaFollette in Washington recently and that the Wisconsin senator looked favorably upon the convention, asking only that it be postponed until after both the republican and democratic conventions were concluded.

The communists, led by W. Z. Foster, head of the Workers Party, are not so enthusiastic about LaFollette, but they have agreed to endorse him. They do not think it would be wise to do anything to oppose him.

Mahoney claims that his convention will represent 31 states with 971 delegates, but he admits that LaFollette's slur against them has robbed the convention of a large amount of its prestige.

Organization work for the opening of the convention tomorrow is going forward rapidly. Mahoney will make the keynote speech. A platform will be submitted.

FARMER-LABORITES OUST COMMUNIST PARTY

St. Paul, June 16.—The communist party—attacked so strongly by Senator LaFollette—was kicked out of the Farmer-Labor third party convention here today on the eve of assembly.

Organizers of the convention served notice upon communist delegates that they could not enter the convention under the banner of their party.

All communists, however, as members of various trade unions, will be permitted to participate in the gathering.

Long List of Office Seekers in State Primary

AMBASSADOR TO MEXICO ASKS TO BE RELIEVED

(By United Press)
Washington, June 16.—Charles B. Warren, American ambassador to Mexico, will probably ask to be relieved from his post in the near future, but according to the White House and state department officials he has not yet submitted his official resignation to President Coolidge.

REPORT OF RESIGNATION NOW FLATLY CONTRADICTED

Detroit, Mich., June 16.—A Washington dispatch, carrying a report of his resignation, was flatly contradicted today by Charles B. Warren, ambassador to Mexico.

"The statement is unauthorized," Warren said.

Warren leaves for Mexico City Sunday night, going by way of Washington in order to see President Coolidge.

SLEMP WILL NOT RESIGN, STATEMENT SAYS

PRIVATE SECRETARY OF PRESIDENT COOLIDGE HAS NO DIFFICULTIES WITH BUTLER

CLAIMED MANAGEMENT OF COMING CAMPAIGN WAS POINT AT ISSUE

(By United Press)
Washington, June 16.—C. Bascom Slemple, private secretary to President Coolidge, today dispelled rumors that he would resign because of difficulties with William M. Butler, chairman of the republican national committee, over management of the forthcoming campaign.

In a formal statement issued at the White House, Slemple said he had not resigned and did not intend to.

On the contrary, he said, he expects to take an active part in President Coolidge's campaign as member of the advisory committee of the republican national committee, which, he said, "will have the real management of the campaign."

Many reports circulated around the capitol today that Slemple was resigning immediately. These reports were given color by Slemple's scheduled departure for Cincinnati. However, he said in his statement that he was going there to be present at an operation upon his cousin, P. W. Slemple.

ing if they present credentials from their unions.

This development came after organizers had decided that LaFollette should be endorsed as the candidate of the "third party" despite his denunciation of the convention because of communist members.

The decision to oust the communist party as such was taken as a peace offering to LaFollette.

William Z. Foster, head of the Workers party of America, put up a stiff fight against the move in the organization committee, of which he is a member.

William Mahoney, St. Paul laborite and chairman of the committee, served notice upon Foster that if he wanted to get into the convention at all he must come in as a representative of a trade union.

"This is a political convention," said Mahoney. "We represent reform by political methods, and we cannot permit the organization of any groups which does not coincide with this principle."

The communists indicated they will agree to go into the convention under the banner of trade unionism. They have many scattered votes among the trade union delegates and they might be able to swing more power on the convention floor than they could in the committee rooms.

"We represent a political policy, and should be permitted to enter the convention as communists," Joseph Manley, Chicago, declared. "I don't think

NUDE BODY OF WOMAN FOUND NEAR ROADSIDE

FARMER DISCOVERS REMAINS NEAR SHAWANO, WIS.

SO SLOW IN NOTIFYING AUTHORITIES THAT SUSPECTED MURDERER ESCAPED

(By United Press)
Shawano, Wis., June 16.—Fear of being connected with the trial and which resulted in consultation of farmers, near Wittenberg, before the discovery of the nude body of Mrs. George Cummings, Grand Rapids, Mich., was reported to county officers here, was all that kept authorities from capturing the husband of the dead woman, who is wanted for questioning in connection with the slaying, District Attorney R. H. Fisher, told the United Press today.

Although the nude body of Mrs. Cummings, who is believed to have been about 40 years of age, of either Italian or Indian parentage, was found shortly after she had been slain, it was nearly four hours before the authorities were notified, Fisher declared.

The body was found in a shallow grave along the roadside by a farmer about 30 feet from the spot where he had pulled the Cummings auto out of the ditch nad for which work he had received \$25.

Seeing the little mound of stones and dirt along the road, the farmer investigated and found the body of the woman before the car was out of sight. Instead of notifying the authorities, Fisher said, the farmer first sought counsel from his neighbors. After consulting them he notified the authorities and was told to apprehend the man, who is believed to have fled south from here.

GAVE AGE AS 38; WAS REALLY 62

Grand Rapids, Mich., June 16.—Miss Jean Rae's marriage to George Cummings was her fifth matrimonial venture, her daughter revealed here today.

Although Miss Rae's age was given as 38 in the marriage license issued here, she was really 62 years old, Mrs. P. X. Bailey, daughter of the slain woman, said.

Both she and Cummings lived in Grand Rapids, but their romance was the product of a matrimonial agency. The marriage took place here Friday, June 6. Cummings was a salesman. He was 59 years old. The two appeared devoted to each other, neighbors said, when they left here on the fatal honeymoon.

CLAIM GANGSTERS KILLED BRENNAN

AS REVENGE FOR BEING EJECTED FROM HIS NEW YORK CABARET

(By United Press)
New York, June 16.—Gangsters killed "Big Bill" Brennan, heavy-weight pugilist, in revenge for Brennan's action in ejecting them from his cabaret, police believed today, after questioning several persons who were in the Club Tia Juana Saturday night and early Sunday just before the shooting occurred.

James Cullen, state trooper, was killed by a bullet intended for Brennan's sister, a cabaret singer under the name of Shirley Sherman, the investigation disclosed.

The girl was fired on when she attempted to trip the fleeing man who had shot down her brother. Cullen was hit in the neck and died today in a hospital.

Police said the slayers are James Hughes and Frank Rossi, both of whom have many aliases. Rossi is a former convict and also wanted for several crimes, including the murder of his brother last January.

AMERICAN REPLY ON IMMIGRATION GIVEN TO JAPAN

(By United Press)
Washington, June 16.—The American reply to the Japanese protest against the immigration exclusion law was handed to the Japanese Ambassador Hanihara by Secretary of State Hughes at 11 o'clock this morning.

Hanihara will be given time to cable the note to Japan and publication of the text will be made simultaneously here and at Tokio, probably Thursday morning.

The contents of the note are believed to conform to previous forecasts.

SMITH REJOINS HIS FLIGHT COMRADES, WIRELESS REPORTS

HAD BEEN FORCED DOWN IN INDO-CHINA BY ENGINE TROUBLE

MOTOR OF HIS PLANE WAS COMPLETELY WRECKED IN THE ACCIDENT

(By United Press)
Peking, June 16.—Lieut. Lowell Smith, commander of the American round-the-world flight, arrived at Tourane yesterday, rejoining his companions there. The three fliers intend to depart for Saigon today.

The flight commander had been forced down at a little town on the coast of French Indo-China by engine trouble and the motor of his plane was completely wrecked. A destroyer took him a new motor, while the other pilots, Lieuts. Eric Nelson and Leigh Wade, proceeded on to Tourane.

Reports that Smith had caught up with the others were received here by official government wireless.

SOUTH DAKOTA TORNADO HAS A DEATH RECORD

REPORTS OF A DOZEN KILLED IN SATURDAY'S STORM

PROPERTY DAMAGE OF HALF A MILLION DOLLARS REPORTED

Sioux Falls, S. D., June 16.—One man is known dead and there are reports of a dozen other deaths in various sections of the state as the result of Saturday's tornado. More than 20 were injured.

The storm swept from west to east across the state, causing upwards of a half million dollars property damage.

Paul Nelson, 24, was killed on a ranch near Pierre. The wind reached a velocity of 82 miles an hour in the vicinity of Pierre. Trees were uprooted, houses were unroofed and livestock killed.

Reports of several deaths in Brule and Aurora counties were unconfirmed early today.

Lines of communication are down. One report said eight were killed in the Bijou Hills, and that two more perished at White Lake.

LENGLEN TO GIVE HELEN DOUBLE "O"

London, June 16.—Suzanne Lenglen, French woman tennis champion, will arrive Thursday and will play an exhibition match at Stamford Hill Friday. She probably will go to Wimbledon to watch Helen Wills, American champion, Molla Mallory and other American tennis players in their matches against the British Miss Wills will appear in the singles during the Wimbledon matches which begin June 23.

SAILORS CLASH WITH ALLEGED I. W. W. MEMBERS

SAILORS BELIEVE THEY FRUSTRATED DESIGN ON UNDER-TAKING ROOM

GUARDS CHASED A STRANGER CARRYING SUSPICIOUS LOOK- ING PACKAGE

(By United Press)
San Pedro, Calif., June 16.—Clashing the week-end clashes of sailors and alleged I. W. W., what navy officials believe was an attempt to dynamite the undertaking parlor holding the 48 members of the crew of the U. S. S. Mississippi, killed in Thursday's explosion, was frustrated shortly before daybreak today.

A man was found climbing over a fence at the rear of the funeral home carrying a large package under his arm, according to the report of the chief petty officer commanding the navy guard.

Sailors on guard gave chase, but after pursuing him for several blocks through side streets they were out-distanced.

Rumors that a demonstration would be given following Sunday morning's tar and feather party when several supposed I. W. W.'s were tarred by men of the navy, have been circulating since yesterday.

Seek Cause of Explosion

Still seeking to ascertain the exact cause of the explosion aboard the Mississippi, the naval board of inquiry resumed its hearings today.

Definite origin of the explosion has not been located and may never be. Eighteen witnesses were heard today, with the probability that the board will sit for a time aboard the hospital ship Relief to hear the stories of some of the dozen injured sailors.

No hearing will be heard tomorrow. Officers on board will join with sailors and civilians in public funeral services for the victims of the disaster.

"INSULTING" SAYS SEN. SHIPSTEAD OF G. O. P. PLATFORM

Washington, June 16.—"The republican platform is insulting to agriculture,"

This was the statement today of Sen. Henrik Shipstead, Minnesota. The platform was adopted at Cleveland early this week.

"I think it is insulting to agriculture, as was the president's message last fall," Sen. Shipstead said.

"A significant feature of the proceedings at Cleveland was the talk of preserving the constitution, and at the same time the practical advocacy of doing away with the legislative branch of the government and the granting of dictatorial powers to the executive."

MAIL BANDITS GET \$50,000 IN STATE PAPER

St. Paul, June 16.—The mail bandit gang that robbed the St. Paul road train at midnight Thursday got \$50,000 in state bond certificates.

The certificates, which later are to be exchanged for rural credit bonds, are non-negotiable, however.

Theft of the certificates was revealed in a telegram to State Treasurer Henry Rines from the New York bankers who purchased the bonds.

Mr. Rines has just returned from New York, where he signed the certificates, which are to be held by the purchasers pending printing of the bonds, which has been delayed.

The certificates were on the way to Twin City banks, which had purchased them from the New York syndicate. The state has its money, and no one will lose, Mr. Rines said.

LIGNITE RATE INCREASE NOT JUSTIFIED

(By United Press)
Washington, June 16.—Proposals of railroads to increase rates on lignite moving from mines in North Dakota to points in North and South Dakota and Minnesota were held unjustified by the Interstate Commerce Commission.

PRICE WAR BRINGS DOWN GASOLINE COST

(By United Press)
Winona, Minn., June 16.—A price war between co-operatives and Standard Oil today brought gasoline prices down to 12.9 cents a gallon here. Both tank service and filling stations were selling at that price.

Independent dealers at filling stations also met the price.

DEMOCRATIC CONVENTION OPENS SOON

WHO WILL BE NOMINATED AFTER SMITH AND McADOO ARE DISPOSED OF

McADOO MAY HAVE 450 VOTES ON THE FIRST BALLOT

(By United Press)
New York, June 16.—Arrival of the first delegates to the democratic national convention opening here next Tuesday disclosed the outstanding question of the moment is "who will be nominated after McAdoo and Smith are disposed of."

Early arrivals believe that the chance of either McAdoo or Smith to win the nomination hinges on the "dark horses."

This feeling is expected to grow with the arrival here Wednesday of George Brennan of Illinois and Thos. Taggart of Indiana and Ed Moore of Ohio, who for the moment have reached no conclusion as to the nomination.

Taggart is for Senator Ralston and appears likely to play the same game that supporters of Frank O. Lowden played at Cleveland. Every effort will be made to prevent the nomination of Ralston, but Indiana and others will proceed to vote for him just the same in the hope that his strength will be added to.

When the McAdoo forces will convene is still undecided. McAdoo probably will have in the neighborhood of 450 votes on the first ballot—by far the greatest support, with very few exceptions, any candidate in a free-for-all convention such as this ever had to start with.

In view of this, combined with the fact previously pointed out in these dispatches that McAdoo must win quick if he is to win at all, there is much talk of McAdoo attempting to abrogate the two-third rule before the convention.

The likelihood would appear that McAdoo could change the rule, because there will be a majority of McAdoo men on the rules committee.

Should he do it, the need of merely a majority to win instead of two-thirds would materially improve his chance.

In discussion of "dark horses," there is increasing mention of John W. Davis, solicitor-general under Woodrow Wilson and U. S. Ambassador to England. Early arrivals declare that much of McAdoo's strength favors Davis as a compromise choice.

The big thing is, however, that with political thought concentrated on the democratic convention here it becomes increasingly evident that no one can tell where the winning block will land.

MOOSE LAKE 16 NORTHERN HARWARE 1

Moose Lake nearly blanked the Northern Harware team of Duluth, the score being 16 to 1.

CONTENT WITH APATHETIC POPULACE

EARLY REPORTS SAY VOTING IS LIGHT ALL OVER MINNESOTA

AVALANCHE OF CARDS, ETC., SEEMS TO HAVE LITTLE EFFECT

(By United Press)
St. Paul, June 16.—Combating backward weather and an apathetic populace, the longest list of office-seekers ever entered in a Minnesota state primary fought it out today.

Early reports said voting was light all over the state. The avalanche of cards, circulars and posters poured out by candidates has had little effect on the voters, apparently.

Even the permanent registration system inaugurated in the Twin Cities early this year to boost voting strength had little effect. It was hoped interest in the national election would arouse the voters.

There are lively contests for nomination in the republican and farmer-labor parties, but the democrats have a slate of candidates for state offices without opposition.

Republicans will name one of three candidates for United States senator and will select one of six men to run for governor.

Magnus Johnson, who went to the senate upon the death of the late Knute Nelson last year, is opposed for the farmer-labor nomination for senator by Hjalmar Dantes, communist, and Mike Ferch, socialist. This is the first time that there has been a contest in the farmer-labor party.

There are seven farmer-laborites seeking the gubernatorial nomination and contests over almost every other office, including the congressional post.

In six of ten congressional districts there are republican contests.

4 BANDITS LOOT JEWELRY STORE OF \$35,000 IN GEMS

(By United Press)
Highwood, Ill., June 16.—Four bandits held up Abe Gusman, proprietor of the Temple Jewelry company, Chicago, and escaped with \$35,000 worth of diamonds and other jewelry.

Gusman, who was en route from Chicago to Milwaukee by automobile, was forced to stop his machine, while bandits seized two sample cases and made their getaway in their own car.

Gusman immediately notified township marshal and search was started for the robbers.

The robbery occurred between Highwood and Fort Sheridan, not many miles distant from Roundout, where last Friday a band of robbers stole \$3,000,000 worth of registered mail.

FIGHT OPENS TO BREAK THE WILL OF WEALTHY WOMAN SPENDTHRIFT

Liberty, Mo., June 16.—The battle to break the will of Mrs. Julia Woods Davies, which left an estate of \$1,000,000 to Capt. Harry Zeitun, once an interpreter in a London police court, today revealed a story of spectacular spending by a woman in search of adventure.

Witnesses told how Mrs. Davies, seeking thrills in Europe, fell under the "hypnotic influence" of Zeitun. They declared he encouraged her in the use of drugs to which she had been addicted for years, cajoled her into appointing him as her secretary and then while under the influence of drugs making a will in his favor.

George Westlain Davies, an opera singer of St. Louis, the woman's fourth husband, and her two daughters, Miss Ruth Kuby and Mrs. Jan Kemper of Kansas City, brought the suit to have the will broken.

RADICALS MAY BACK SENATOR LA FOLLETTE

ASSURANCE IS GIVEN BY THE 3RD PARTY MEN

LEADERS OF WESTERN FARMER
AND LABOR REPRESENTATION
GATHER IN ST. PAUL

WILLIAM MAHONEY BELIEVES
CONVENTION WILL ENDORSE
LA FOLLETTE

(By United Press)
St. Paul, June 16.—Senator Robert
M. LaFollette as an independent
candidate for the presidency will
have the backing of the radical group
despite his recent thrust at them.

This assurance was given by lead-
ers in the most disturbed western
farmers and laborers representation
gathered here today for the "third
party" convention.

William Mahoney, editor of a St.
Paul labor newspaper, who up to this
time has been the moving factor in
organization of the convention, told
the United Press today that the con-
vention would endorse LaFollette.

Some farmer-laborites, socialists
and communists are represented in
the gathering, which is laying plans
for formal opening of the three-day
convention tomorrow.

While bitter resentment is felt to-
ward LaFollette for his denunciation
of the communistic tendencies of the
convention, all plans have been made
to keep the third party "protest"
candidate from the field in order that
LaFollette may have the full support
of the radicals when he decides to
run.

The leaders, like Mahoney, want
to start a permanent third party,
which will gain a par with the regu-
lar republican and democratic par-
ties.

"LaFollette was misled by that
gang in Washington," Mahoney told
the United Press. "Samuel Gompers,
head of the American Federation of
Labor and Warren F. Stone, of the
Big Four Railroad Brotherhood, chok-
ed him into this because they
want to kill all chance of a third
party. They would lose their jobs
if a third party should be successful."

But they realize that all phases of
the progressive sentiment in this
country must be represented.

"LaFollette is not our man. He is
not a radical, but he is the best we
can get. He can't throw us over.
We won't let him. We want to unite
the progressives of 48 states, and we
are willing to bury the hatchet to do
it."

"His denunciation of us was mere-
ly a political move. He knew he
would have our support anyway, so
he refused to cater to us."

Endorsement of LaFollette, proba-
bly on Thursday, will be the first
official recognition he has been
granted as an independent candidate.

Mahoney said he saw LaFollette
in Washington recently and that the
Wisconsin senator looked favorably
upon the convention, asking only
that it be postponed until after both
the republican and democratic con-
ventions were concluded.

The communists, led by W. Z. Fos-
ter, head of the Workers Party, are
not so enthusiastic about LaFollette,
but they have agreed to endorse him.
They do not think it would be wise
to do anything to oppose him.

Mahoney claims that his conven-
tion will represent 31 states with
971 delegates, but he admits that La-
Follette's slur against them has ro-
bbed the convention of a large amount
of its prestige.

Organization work for the opening
of the convention tomorrow is going
forward rapidly. Mahoney will
make the keynote speech. A plat-
form will be submitted.

FARMER-LABORITES OUST COMMUNIST PARTY

party—attacked so strongly by Sena-
tor La Follette—was kicked out of
the Farmer-Labor third party conven-
tion here today on the eve of assembly.

Organizers of the convention served
notice upon communist delegates that
they could not enter the convention
under the banner of their party.

All communists, however, as mem-
bers of various trade unions, will be
permitted to participate in the gath-

Long List of Office Seekers in State Primary

AMBASSADOR TO MEXICO ASKS TO BE RELIEVED

(By United Press)
Washington, June 16.—Charles
B. Warren, American ambassador
to Mexico, will probably ask to be
relieved from his post in the near
future, but according to the White
House and state department offi-
cials he has not yet submitted his
official resignation to President
Coolidge.

REPORT OF RESIGNATION NOW FLATLY CONTRADICTION

Detroit, Mich., June 16.—A Wash-
ington dispatch, carrying a report of his
resignation, was flatly contradicted to-
day by Charles B. Warren, ambassa-
dor to Mexico.

"The statement is unauthorized,"
Warren said.

Warren leaves for Mexico City Sun-
day night, going by way of Washing-
ton in order to see President Coolidge.

SLEMP WILL

NOT RESIGN, STATEMENT SAYS

PRIVATE SECRETARY OF PRESI-

CLAIMED MANAGEMENT OF COM-
ING CAMPAIGN WAS POINT
AT ISSUE

(By United Press)
Washington, June 16.—C. Bascom
Slemp, private secretary to President
Coolidge, today dispelled rumors
that he would resign because of dif-
ficulties with William M. Butler,
chairman of the republican national
committee, over management of the
forthcoming campaign.

In a formal statement issued at
the White House, Slemp said he had
not resigned and did not intend to.

On the contrary, he said, he ex-
pects to take an active part in Presi-
dent Coolidge's campaign as member
of the advisory committee of the re-
publican national committee, which,
he said, "will have the real manage-
ment of the campaign."

Many reports circulated around
the capitol today that Slemp was re-
signing immediately. These reports
were given color by Slemp's schedu-
led departure for Cincinnati. How-
ever, he said in his statement that
he was going there to be present at
an operation upon his cousin, P. W.
Slemp.

ing if they present credentials from
their unions.

This development came after organ-
izers had decided that La Follette
should be endorsed as the candidate
of the "third party" despite his de-
nunciation of the convention because
of communist members.

The decision to oust the communist
party as such was taken as a peace
offering to La Follette.

William Z. Foster, head of the Work-
ers party of America, put up a stiff
fight against the move in the organi-
zation committee, of which he is a
member.

William Mahoney, St. Paul laborite
and chairman of the committee, served
notice upon Foster that if he wanted
to get into the convention at all he
must come in as a representative of a
trade union.

"This is a political convention," said
Mahoney. "We represent reform by
political methods, and we cannot per-
mit the organization of any groups
which does not coincide with this
principle."

The communists indicated they will
agree to go into the convention under
the banner of trade unionism. They
have many scattered votes among the
trade union delegates and they might
be able to swing more power on the
convention floor than they could in
the committee rooms.

"We represent a political policy, and

NUDE BODY OF WOMAN FOUND NEAR ROADSIDE

FARMER DISCOVERS REMAINS
NEAR SHAWANO,
WIS.

SO SLOW IN NOTIFYING AUTHOR-
ITIES THAT SUSPECTED
MURDERER ESCAPED

(By United Press)
Shawano, Wis., June 16.—Fear of
being connected with the trial and
which resulted in consultation of
farmers, near Wittenberg, before the
discovery of the nude body of Mrs.
George Cummings, Grand Rapids,
Mich., was reported to county officers
here, was all that kept authorities
from capturing the husband of the
dead woman, who is wanted for ques-
tioning in connection with the slay-
ing, District Attorney R. H. Fisher
told the United Press today.

Although the nude body of Mrs.
Cummings, who is believed to have
been about 40 years of age, of either
Italian or Indian parentage, was
found shortly after she had been
slain, it was nearly four hours be-
fore the authorities were notified,
Fisher declared.

The body was found in a shallow
grave along the roadside by a farmer
about 30 feet from the spot where he
had pulled the Cummings auto out
of the ditch nad for which work he
had received \$25.

Seeing the little mound of stones
and dirt along the road, the farmer
investigated and found the body of
the woman before the car was out of
sight. Instead of notifying the au-
thorities, Fisher said, the farmer first
sought counsel from his neighbors.
After consulting them he notified the
authorities and was told to apprehend
the man, who is believed to have
fled south from here.

GAVE AGE AS 38; WAS REALLY 62

Grand Rapids, Mich., June 16.—
Miss Jean Rae's marriage to George
Cummings was her fifth matrimonial
venture, her daughter revealed here
today.

Although Miss Rae's age was given
as 38 in the marriage license issued
here, she was really 62 years old,
Mrs. P. X. Bailey, daughter of the
slain woman, said.

Both she and Cummings lived in
Grand Rapids, but their romance was
the product of a matrimonial agency.
The marriage took place here Fri-
day, June 6. Cummings was a sales-
man. He was 59 years old. The
two appeared devoted to each other,
neighbors said, when they left here
on the fatal honeymoon.

CLAIM GANGSTERS KILLED BRENNAN

AS REVENGE FOR BEING EJECT-
ED FROM HIS NEW YORK
CABARET

(By United Press)
New York, June 16.—Gangsters
killed "Big Bill" Brennan, heavy-
weight pugilist, in revenge for Bren-
nan's action in ejecting them from
his cabaret, police believed today,
after questioning several persons
who were in the Club Tia Juana Sat-
urday night and early Sunday just
before the shooting occurred.

James Cullen, state trooper, was
killed by a bullet intended for Bren-
nan's sister, a cabaret singer under
the name of Shirley Sherman, the in-
vestigation disclosed.

The girl was fired on when she at-
tempted to trip the fleeing man who
had shot down her brother. Cullen
was hit in the neck and died today in
a hospital.

Police said the slayers are James
Hughes and Frank Rossi, both of
whom have many aliases. Rossi is
a former convict and also wanted for
several crimes, including the murder
of his brother last January.

AMERICAN REPLY ON IMMIGRATION GIVEN TO JAPAN

(By United Press)
Washington, June 16.—The
American reply to the Japanese
protest against the immigration
exclusion law was handed to the
Japanese Ambassador Hanhara
by Secretary of State Hughes at
11 o'clock this morning.

Hanhara will be given time to
cable the note to Japan and pub-
lication of the text will be made
simultaneously here and at Tokio,
probably Thursday morning.
The contents of the note are be-
lieved to conform to previous fore-
casts.

SMITH REJOINS HIS FLIGHT COMRADES, WIRELESS REPORTS

HAD BEEN FORCED DOWN IN IN-
DO-CHINA BY ENGINE
TROUBLE

MOTOR OF HIS PLANE WAS COM-
PLETELY WRECKED IN THE
ACCIDENT

(By United Press)
Pekin, June 16.—Lieut. Lowell
Smith, commander of the American
round-the-world flight, arrived at
Tourane yesterday, rejoining his
companions there. The three fliers
intend to depart for Saigon today.

The flight commander had been
forced down at a little town on the
coast of French Indo-China by en-
gine trouble and the motor of his
plane was completely wrecked. A
destroyer took him a new motor,
while the other pilots, Lieuts. Eric
Nelson and Leigh Wade, proceeded
on to Tourane.

Reports that Smith had caught up
with the others were received here
by official government wireless.

SOUTH DAKOTA TORNADO HAS A DEATH RECORD

REPORTS OF A DOZEN KILLED IN
SATURDAY'S
STORM

PROPERTY DAMAGE OF HALF A
MILLION DOLLARS
REPORTED

Sioux Falls, S. D., June 16.—One
man is known dead and there are
reports of a dozen other deaths in
various sections of the state as the
result of Saturday's tornado. More
than 20 were injured.

The storm swept from west to east
across the state, causing upwards of
a half million dollars property dam-
age.

Paul Nelson, 24, was killed on a
ranch near Pierre. The wind reach-
ed a velocity of 82 miles an hour in
the vicinity of Pierre. Trees were
uprooted, houses were unroofed and
livestock killed.

Reports of several deaths in Brule
and Aurora counties were unconfir-
med early today.

Lines of communication are down.
One report said eight were killed in
the Bijou Hills, and that two more
perished at White Lake.

LENGLEN TO GIVE HELEN DOUBLE "O"

London, June 16.—Suzanne Leng-
len, French woman tennis champion,
will arrive Thursday and will play
an exhibition match at Stamford Hill
Friday. She probably will go to
Wimbledon to watch Helen Wills,
American champion, Molla Mallory
and toher American tennis players
in their matches against the British
Miss Wills will appear in the singles
during the Wimbledon matches which
begin June 23.

SAILORS CLASH WITH ALLEGED I. W. W. MEMBERS

SAILORS BELIEVE THEY FRUS-
TRATED DESIGN ON UNDER-
TAKING ROOM

GUARDS CHASED A STRANGER
CARRYING SUSPICIOUS LOOK-
ING PACKAGE

(By United Press)
San Pedro, Calif., June 16.—Clash-
ing the week-end clashes of sail-
ors and alleged I. W. W., what navy
officials believe was an attempt to
dynamite the undertaking parlor
holding the 48 members of the crew
of the U. S. S. Mississippi, killed in
Thursday's explosion, was frustrated
shortly before daybreak today.

A man was found climbing over a
fence at the rear of the funeral home
carrying a large package under his
arm, according to the report of the
chief petty officer commanding the
navy guard.

Sailors on guard gave chase, but
after pursuing him for several blocks
through side streets they were out-
distanced.

Rumors that a demonstration
would be given following Sunday
morning's tar and feather party when
several supposed I. W. W.'s were
tarr'd by men of the navy, have been
circulating since yesterday.

Seek Cause of Explosion
Still seeking to ascertain the exact
cause of the explosion aboard the
Mississippi, the naval board of in-
quiry resumed its hearings today.

Definite origin of the explosion has
not been located and may never be.
Eighteen witnesses were heard to-
day, with the probability that the
board will sit for a time aboard the
hospital ship Relief to hear the
stories of some of the dozen injured
sailors.

No hearing will be heard tomor-
row. Officers on board will join with
sailors and civilians in public fune-
ral services for the victims of the
disaster.

"INSULTING" SAYS SEN. SHIPSTEAD OF G. O. P. PLATFORM

Washington, June 16.—"The re-
publican platform is insulting to ag-
riculture."

This was the statement today of
Sen. Henrik Shipstead, Minnesota.
The platform was adopted at Cleve-
land early this week.

"I think it is insulting to agricul-
ture, as was the president's message
last fall," Sen. Shipstead said.

"A significant feature of the pro-
ceedings at Cleveland was the talk of
preserving the constitution, and at
the same time the practical advocacy
of doing away with the legislative
branch of the government and the
granting of dictatorial powers to the
executive."

MAIL BANDITS GET \$50,000 IN STATE PAPER

St. Paul, June 16.—The mail band-
it gang that robbed the St. Paul
road train at midnight Thursday got
\$50,000 in state bond certificates.

The certificates, which later are to
be exchanged for rural credit bonds,
are non-negotiable, however.
Theft of the certificates was re-
vealed in a telegram to State Treas-
urer Henry Rines from the New York
bankers who purchased the bonds.

Mr. Rines has just returned from
New York, where he signed the cer-
tificates, which are to be held by the
purchasers pending printing of the
bonds, which has been delayed.

The certificates were on the way
to Twin City banks, which had pur-
chased them from the New York syn-
dicate. The state has its money,
and no one will lose, Mr. Rines said.

LIGNITE RATE INCREASE NOT JUSTIFIED

(By United Press)
Washington, June 16.—Proposals
of railroads to increase rates on
lignite moving from mines in
North Dakota to points in North
and South Dakota and Minnesota
were held unjustified by the Inter-
state Commerce Commission.

PRICE WAR BRINGS DOWN GASOLINE COST

(By United Press)
Winona, Minn., June 16.—A price
war between co-operatives and Stand-
ard Oil today brought gasoline prices
down to 12.9 cents a gallon here. Both
tank service and filling stations were
selling at that price.
Independent dealers at filling sta-
tions also met the price.

DEMOCRATIC CONVENTION OPENS SOON

WHO WILL BE NOMINATED AFT-
ER SMITH AND McADOO ARE
DISPOSED OF

McADOO MAY HAVE 450 VOTES
ON THE FIRST
BALLOT

(By United Press)
New York, June 16.—Arrival of
the first delegates to the democratic
national convention opening here
next Tuesday disclosed the outstand-
ing question of the moment is "who
will be nominated after McAdoo and
Smith are disposed of."

Early arrivals believe that the
chance of either McAdoo or Smith
to win the nomination hinges on the
"dark horses."

This feeling is expected to grow
with the arrival here Wednesday of
George Brennan of Illinois and Thos.
Taggart of Indiana and Ed Moore of
Ohio, who for the moment have
reached no conclusion as to the nom-
inee.

Taggart is for Senator Ralston
and appears likely to play the same
game that supporters of Frank O.
Lowden played at Cleveland. Every
effort will be made to prevent the
nomination of Ralston, but Indiana
and others will proceed to vote for
him just the same in the hope that
his strength will be added to.

When the McAdoo forces will con-
vene is still undecided. McAdoo
probably will have in the neighbor-
hood of 450 votes on the first ballot
—by far the greatest support, with
very few exceptions, any candidate
in a free-for-all convention such as
this ever had to start with.

In view of this, combined with the
fact previously pointed out in these
dispatches that McAdoo must win
quick if he is to win at all, there is
much talk of McAdoo attempting to
abrogate the two-third rule before
the convention.

The likelihood would appear that
McAdoo could change the rule, be-
cause there will be a majority of Mc-
Adoo men on the rules committee.

Should he do it, the need of merely
a majority to win instead of two-
thirds would materially improve his
chance.

In discussion of "dark horses,"
there is increasing mention of John
W. Davis, solicitor-general under
Woodrow Wilson and U. S. Amba-
sador to England. Early arrivals
declare that much of McAdoo's
strength favors Davis as a compro-
mise choice.

The big thing is, however, that
with political thought concentrated
on the democratic convention here it
becomes increasingly evident that no
one can tell where the winning block
will land.

MOOSE LAKE 16 NORTHERN HARWARE 1

MOOSE LAKE NEARLY BLANKED THE

THE SCORE BEING 16 TO 1.

CONTEND WITH APATHETIC POPULACE

EARLY REPORTS SAY VOTING IS
LIGHT ALL OVER MINNE-
SOTA

AVALANCHE OF CARDS, ETC.,
SEEMS TO HAVE LITTLE
EFFECT

(By United Press)
St. Paul, June 16.—Combating
backward weather and an apathetic
populace, the longest list of office-
seekers ever entered in a Minnesota
state primary fought it out today.

Early reports said voting was light
all over the state. The avalanche of
cards, circulars and posters poured
out by candidates has had little effect
on the voters, apparently.

Even the permanent registration
system inaugurated in the Twin
Cities early this year to boost voting
strength had little effect. It was
hoped interest in the national elec-
tion would arouse the voters.

There are lively contests for nom-
ination in the republican and farm-
er-labor parties, but the democrats
have a slate of candidates for state
offices without opposition.

Republicans will name one of three
candidates for United States senator
and will select one of six men to
run for governor.

Magnus Johnson, who went to the
senate upon the death of the late
Knut Nelson last year, is opposed
for the farmer-labor nomination for
senator by Hjalmar Dantes, commu-
nist, and Mike Ferch, socialist. This
is the first time that there has been
a contest in the farmer-labor party.

There are seven farmer-laborites
seeking the gubernatorial nomina-
tion and contests over almost every
other office, including the congress-
sional post.

In six of ten congressional dis-
tricts there are republican contests.

4 BANDITS LOOT JEWELRY STORE OF \$35,000 IN GEMS

(By United Press)
Highwood, Ill., June 16.—Four band-
its held up Abe Gusman, proprietor
of the Temple Jewelry company, Chi-
cago, and escaped with \$35,000 worth
of diamonds and other jewelry.

Gusman, who was en route from
Chicago to Milwaukee by automobile,
was forced to stop his machine, while
bandits seized two sample cases and
made their getaway in their own car.

Gusman immediately notified town-
ship marshal and search was started
for the robbers.

The robbery occurred between High-
wood and Fort Sheridan, not many
miles distant from Rondout, where
last Friday a band of robbers stole
\$3,000,000 worth of registered mail.

FIGHT OPENS TO BREAK THE WILL OF WEALTHY WOMAN SPENDTHRIFT

Liberty, Mo., June 16.—The battle
to break the will of Mrs. Julia Woods
Davies, which left an estate of \$1,-
000,000 to Capt. Harry Zeitun, once
an interpreter in a London police
court, today revealed a story of spec-
tacular spending by a woman in
search of adventure.

Witnesses told how Mrs. Davies,
seeking thrills in Europe, fell under
the "hypnotic influence" of Zeitun.
They declared he encouraged her in
the use of drugs to which she had
been addicted for years, cajoled her
into appointing him as her secretary
and then while under the influence
of drugs making a will in his favor.

George Westlain Davies, an opera
singer of St. Louis, the woman's
fourth husband, and her two daugh-
ters, Miss Ruth Kuby and Mrs. Jan
Kemper of Kansas City, brought the
suit to have the will broken.

DAYTON IS PREPARING FOR AIR CONTESTS

(By United Press)

Dayton, O., June 13.—Arrangements are well under way here for the annual International Pulitzer air races, to be staged at the Wilbur Wright field in October.

Several hundred airplanes, capable of going at a speed of 250 miles an hour, will compete for prizes aggregating \$50,000.

All highways and streets between Dayton and the field are being paved and 800 regular soldiers from Jefferson Barracks will act as special patrol during the events. Dayton business men have subscribed \$250,000 for the initial expenses of the races.

Thousands of motorists from adjoining states are expected and a plot of 20 acres near the field has been set aside for parking space.

Nearly every state in the union will be represented in the races, as well as nearly every European nation. Belgium has promised to send two ships, and England probably will do likewise. Sadi Lecointe, the fastest and highest flier in France, and Brack Papa of Italy have signified their intention of competing.

The army air service will be represented by two Curtiss racers which competed last year. They have been equipped with 500-horsepower motors, replacing the 400-horsepower motors used in the 1923 race.

The pilots appointed to maneuver the army airships are Lieutenant Alex Pearson and Lieutenant W. H. Brookley, both of McCook Field, and Captain Bert Skeel of Selfridge Field.

There is still some doubt about the navy entering the race this year, although there is a report that it will be represented by a new speed marvel.

The Barling bomber, the biggest ship in the world, is on the program for a series of spectacular flights. Lieutenant Harold R. Harris will be at the stick.

The Pulitzer race will be the main event of the meet, which lasts three days, beginning October 2. There are ten or twelve other events, including one for small planes, such as those driven by gasoline engines, capable of a long distance flight on a single gallon of gasoline.

For the amateur builders there are six or seven prizes. In addition to the various races, the Shenandoah and a flock of barrage, observance and other balloons will be here in a display of lighter than air machines.

Each evening there will be night flying by illuminated planes.

There was been some concern over the difficulty of housing the hundreds of planes expected to enter the races. Wilbur Wright Field can accommodate about 112, McCook Field about 125 and two private fields about fifty each, but many will not be under a roof during the races, it is said.

Snip! Snip! and Then Sniff! Sniff! "I Hate My Bob But—It's Stylish"

Out in a little midwestern town the Main Street barber hung up this sign: "I won't stand for no hysterics!" Lady clients were thus warned that weeping after bobbing would not be tolerated. It was a nuisance to the tonsorial gent.

Since the advent of bobs, shaky nerves have developed among women. It is due, say the experts, to lost personalities. Many a charming woman has lost her distinctive personality by failing to choose the precise type of bob suitable to her particular features. A certain bob may distinguish one woman and utterly destroy the greatest charm of another. One must consider whether the face is oval, square, plump or thin. A short or long neck, a thin or plump one, are points to be most carefully reckoned before the final step. So is the general physique and, indeed, everything entering into that indefinable quality called personality. For after the shears do their snipping it's too late.

Choosing the correct bob is no more important, say the beauty dictators, than keeping the hair at-

tractively dressed afterward. There can be no harm to hair that runs wild, straggles or clumps. A large Gainsborough net should always be worn over the coiffure to add distinction and good taste. To preserve the coiffure at night the Gainsborough should be adjusted comfortably, with hair tucked in snug, before retiring. Paris taught American women this little trick of wearing the net at night and thus cutting down hairdressing bills. Rolling the head during sleep dishevels the unprotected coiffure.

Whether the bob fad ends in two months or two years, the wise woman will choose well her bob—if she must bob—and then she will seek the most attractive hairdresser, one that retains personality.

RADICALS MAY BACK SENATOR LA FOLLETTE

(Continued from page 1)

we will withdraw, although we will have a hard time getting credentials from our unions for presentation by the time the convention opens tomorrow.

The communists also were neglected in the organization of the convention. They got only two out of 18 members on the various committees and none of the offices of the convention.

Charles Taylor, Montana Farmer-Laborite, will be permanent chairman; Duncan McDonald of Illinois permanent vice chairman, and Alice Lorraine Daly, South Dakota, permanent secretary of the convention.

Card of Thanks

We wish to express our heartfelt thanks for the kindness and sympathy extended to us in the loss of a loving husband, father and brother. We also wish to thank you all for the beautiful floral offerings. Your kindness will always be remembered.

Mrs. Hilda Ritari and family.
Mr. and Mrs. Ernest Ritari.
Mr. and Mrs. Arvid Ritari.
Mr. and Mrs. Joseph Bakkenen.

He Left Hastily

Two years ago I hiked over the Dixie highway from central Georgia to Indianapolis, writes a correspondent.

While passing through the mountains of Tennessee I espied a bush, well laden with ripe berries, growing by the side of the road. Of course I stopped and began to pick and eat them. "B-z-z-z" and I certainly moved away from there in a hurry, because a rattlesnake was warning me that I was encroaching on its property.

Nearly every state in the union will be represented in the races, as well as nearly every European nation. Belgium has promised to send two ships, and England probably will do likewise. Sadi Lecointe, the fastest and highest flier in France, and Brack Papa of Italy have signified their intention of competing.

The army air service will be represented by two Curtiss racers which competed last year. They have been equipped with 500-horsepower motors, replacing the 400-horsepower motors used in the 1923 race.

The pilots appointed to maneuver the army airships are Lieutenant Alex Pearson and Lieutenant W. H. Brookley, both of McCook Field, and Captain Bert Skeel of Selfridge Field.

There is still some doubt about the navy entering the race this year, although there is a report that it will be represented by a new speed marvel.

The Barling bomber, the biggest ship in the world, is on the program for a series of spectacular flights. Lieutenant Harold R. Harris will be at the stick.

The Pulitzer race will be the main event of the meet, which lasts three days, beginning October 2. There are ten or twelve other events, including one for small planes, such as those driven by gasoline engines, capable of a long distance flight on a single gallon of gasoline.

For the amateur builders there are six or seven prizes. In addition to the various races, the Shenandoah and a flock of barrage, observance and other balloons will be here in a display of lighter than air machines.

Each evening there will be night flying by illuminated planes. There was been some concern over the difficulty of housing the hundreds of planes expected to enter the races. Wilbur Wright Field can accommodate about 112, McCook Field about 125 and two private fields about fifty each, but many will not be under a roof during the races, it is said.

An Expert Gunner

"I understand Colonel Jones is a fatalist." "You're right, stranger! He never fails to get his man!"—New Orleans Item.

Snip! Snip! and Then Sniff! Sniff!
"I Hate My Bob But—It's Stylish"

Out in a little midwestern town the Main Street barber hung up this sign: "I won't stand for no hysterics!" Lady clients were thus warned that weeping after bobbing would not be tolerated. It was a nuisance to the tonsorial gent.

Since the advent of bobs, shabby nerves have developed among women. It is due, say the experts, to lost personalities. Many a charming woman has lost her distinctive personality by failing to choose the precise type of bob suitable to her particular features. A certain bob may distinguish one woman and utterly destroy the greatest charm of another. One must consider whether the face is oval, square, plump or thin. A short or long neck, a thin or plump one, are points to be most carefully reckoned before the final step. So is the general physique and, indeed, everything entering into that indefinable quality called personality. For after the shears do their snipping it's too late.

Choosing the correct bob is no more important, say the beauty dictators, than keeping the hair at-

tractively dressed afterward. There can be no charm to hair that runs wild, straggles or clumps. A large Gainsborough net should always be worn over the coiffure to add distinction and good taste. To preserve the coiffure at night the Gainsborough should be adjusted comfortably, with hair tucked in snug, before retiring. Paris taught American women this little trick of wearing the net at night and thus cutting down hairdressing bills. Rolling the head during sleep dishevels the unprotected coiffure.

Whether the bob fades in two months or two years, the wise woman will choose well her bob—if she must bob—and then she will seek the most attractive hairdresser, one that retains personality.

RADICALS MAY BACK SENATOR LA FOLLETTE

(Continued from page 1)

we will withdraw, although we will have a hard time getting credentials from our unions for presentation by the time the convention opens tomorrow.

The communists also were neglected in the organization of the convention. They got only two out of 18 members on the various committees and none of the offices of the convention.

Charles Taylor, Montana Farmer-Laborite, will be permanent chairman; Duncan McDonald of Illinois permanent vice chairman, and Alice Lorraine Daly, South Dakota, permanent secretary of the convention.

Card of Thanks

We wish to express our heartfelt thanks for the kindness and sympathy extended to us in the loss of a loving husband, father and brother. We also wish to thank you all for the beautiful floral offerings. Your kindness will always be remembered.

Mrs. Hilda Ritari and family.
Mr. and Mrs. Ernest Ritari.
Mr. and Mrs. Arvid Ritari.
Mr. and Mrs. Joseph Bakkenen.

He Left Hastily

Two years ago I hiked over the Dixie highway from central Georgia to Indianapolis, writes a correspondent. While passing through the mountains of Tennessee I espied a bush, well laden with ripe berries, growing by the side of the road. Of course I stopped and began to pick and eat them. "B-z-z-z," and I certainly moved away from there in a hurry, because a rattlesnake was warning me that I was encroaching on its property.

32 SPORTSMEN AT LAKE EDWARD

Open Bass Season Most Successfully,
Many Fine Catches
Made

OUTING WONDERFUL ONE

Sponsored by J. F. Gould, State Game
and Fish Commissioner and
Others

Thirty-two sportsmen, most of
them from the twin cities, opened the
bass season with a fishing trip to lake
Edward Sunday.

The outing was sponsored by J. F.
Gould, state game and fish commis-
sioner, Chief Game Warden, D. A.
Peterson, and other prominent nim-
rods of the state.

Gov. J. A. O. Preus and Lieutenant
Governor L. L. Collins, were to have
been included in the party, but were
detained on business. Sporting edi-
tors from the St. Paul Pioneer Press,
The Minneapolis Journal and Min-
neapolis Tribune were with the fish-
ermen, as well as Oscar E. Martin,
president of the Ramsey County
Sportsmen's Association, St. Paul.

The party came to Brainerd on Sat-
urday afternoon, stopping at the
Ransford hotel for the night. The
sportsmen were up at three o'clock
Sunday morning and arrived at lake
Edward shortly after four o'clock.

Maurice Seyferth, of Silver Beach,
met the party, with boats and bait,
and at noon appeased the appetites of
the hungry fishermen with a fine
fish dinner.

Practically every member of the
party secured a good catch of bass,
and felt well repaid for the trip. The
honors, it is said, go to Mr. Gould,
for landing the largest bass caught.
At 3:30 o'clock he brought in a fine
specimen that tipped the scales at
seven and a quarter pounds.

The sportsmen returned to Brainerd
late Sunday afternoon, and went
on to the cities immediately. They
voiced their appreciation of the
courtesies of the local fishermen who
assisted them, the services rendered
by the hotel and the proprietor of
Silver Beach.

Local men included in the party
were Deputy Game Warden A. P.
Cafale, Frank Hall, A. A. Weidemann,
R. E. Stout and Jewett Peterson.

States Write Insurance

New Zealand and nearly every state
of Australia have developed a system
of public life insurance. A booklet
issued by the New Zealand insurance
department informs us that "its pur-
pose was to give those who insure
the greatest possible amount of secu-
rity at the least possible cost." The
department is self-supporting. Profits
are divided at regular intervals of
three years among policyholders.

There are almost no limitations, says
the New York Times. A policyholder
may commit suicide the day after this
policy is written, but if his heirs can
prove that he did not take out the
policy with the intention to defraud
the insurance is paid. A great variety
of policies are written and the rates
are comparatively low.

The same may be claimed by the
insurance departments maintained by
the several states of Australia. In
both Australia and New Zealand much
private insurance business is annu-
ally written. But most of this is done
by friendly societies or by companies
which are largely co-operative in char-
acter.

Use For Wornout Films

Thousands of miles of film are being
used and discarded daily in the world's
moving picture theaters. So great has
this industry become that it would
take a mathematical genius to figure
out the quantity of celluloid used.
What becomes of disused films? When
a film has been thrown aside as "junk,"
it is cleansed by a special process,
which removes the chemical coating.
This coating is capable of yielding
silver at the rate of 112 ounces to the
ton. The cleansed celluloid strips pass
into the hands of boot and shoe man-
ufacturers, and a considerable propor-
tion of the patent toe-caps worn in
England and on this continent are the
result. You may at the present mo-
ment be wearing on your feet a bit of
film which has once held the charming
curls of Mary Pickford or the feet of
Charlie Chaplin!

About Fifty-Fifty

A little Boston boy was told on one
occasion by his teacher that he was to
stay after school for a period of one
hour and study his lessons. Paul
looked at her with a grin and asked:
"Are you going to study with me?"
"Of course."

"If you don't mind telling me," con-
tinued Paul, "are you punishing me or
am I punishing you?"—Kansas City
Star.

Fortunate Mortals

There are some people whose smile,
the sound of whose voice, whose very
presence, seems like a ray of sun-
shine to turn everything they touch
into gold.—Lord Avebury.

VOTING IN THE CITY IS LIGHT

Returns up to 3 O'clock Showed
Small Vote Was
Cast

86 VOTES IN 1ST WARD

Polls in City Will be Open Until 9
O'clock This Even-
ing

Election returns up to three
o'clock Monday afternoon showed
that for the first nine hours of the
primary election the voting was very
light.

Eighty-six votes were cast in the
first ward, about seventy-five percent
of which were Farmer-Labor ballots.
There are over four hundred qualified
electors in this precinct.

In the first precinct of the second
ward there were 148 votes cast, the
majority of which were Republican.
In the second precinct of the same
ward 73 votes had been cast, in
which the Republican ballot predomi-
nated.

In the fifth ward 119 votes had
been cast the Republican and Farmer-
Labor ballots being about equally
distributed.

No returns were received from the
third and fourth wards, those from
the first, second and fifth being
taken as a basis for the entire city.

It is hoped that the voters will
turn out in better numbers during
the late afternoon and in the even-
ing. The polls will be open until
nine o'clock. The fact that the Wo-
men's League of Voters has been
working hard to get out the vote,
and because the selecting of a plan
for improving local high school facili-
ties is before the voters, should bring
out a large vote in the city.

Boat Travels Fast

Seventy miles an hour in three
inches of water is the astonishing per-
formance claimed for a revolutionary
type of air-propelled glider boat de-
veloped by F. W. Davies of Dudley, Eng-
land, writes a correspondent of the
Detroit News.

An airplane propeller and engine
drive the hydroglider, says Popular
Science Monthly. Thus the enormous
friction exerted by the water upon
high-speed propeller blades is avoided
and the navigation of the glider in
shallow water is made possible. Even
the main rudder operates by deflecting
air instead of water. There are two
small auxiliary rudders, which are
used for maneuvering the boat into
dockage or for similar purposes, but
these are lifted from the water as
soon as the craft is under way. The
hull is scow shaped and about 15 feet
long.

Grandfather's Stomach

Vivian, age three, was busily en-
gaged in putting her dolls to bed.
Her grandfather, who has been having
trouble with his stomach, entered the
room and mournfully exclaimed: "I
just don't know what is the matter
with me; my stomach is all torn to
pieces."

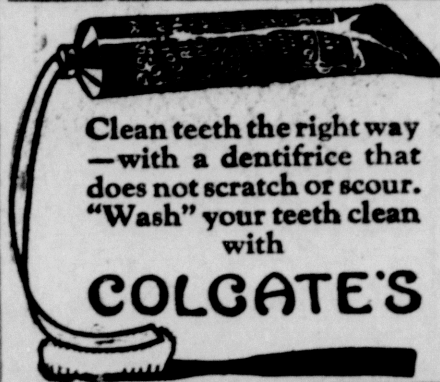

Vivian thought for a moment, then
ran downstairs to her aunt and said:
"Hasn't grandpa got any stomach?"
Her aunt, very much surprised at the
question, said: "Why, sure he has a
stomach." Vivian said: "Why, I just
heard him say it was all torn up."

Turn Out Many Marbles

Marbles of stone are made in mills
in Saxony for shipment to the United
States, India and China, a mill pro-
ducing an average of 3,500 of the
boys' delights a day.

Eye Strain? This Helps

For strained eyes try simple cam-
phor, hydrastis, witchhazel, etc., as
mixed in Lavoptik eye wash. One
small bottle helps any case weak,
strained or sore eyes. It will sur-
prise you. Aluminum eye cup free.

LYCEUM THEATRE SUMMER PROGRAM

Reveals a Great Lineup of Big Hot
Weather Specials Booked by
Popular Theatre

DOUBLE VENTILATING PLAN

This Augmented by a Battery of
Fans, Assures a Cool, Com-
fortable Theatre

Living up to its consistent policy
of giving Brainerd theatregoers the
best photoplays on the market at
popular prices, the Lyceum theatre
bookings announced for the summer
season promise that this is not only
a "slogan" with the Lyceum, but an
established fact.

This theatre in the past four years
has earned a reputation for offering
the public the best on the market,
but it is not content to stand still
and rest on its laurels, as the follow-
ing lineup of feature photoplays will
substantiate:

The first important booking is the
magnificent Wm. Fox spectacle, "The
Temple of Venus" now showing at
the Lyceum with Mary Philbin, "the
Merry-go-round girl" Phyllis Haver
and a cast of one thousand American
Bathing Beauties. This big produc-
tion was produced at Santa Cruz is-
land, in the Pacific ocean by Henry
Otto.

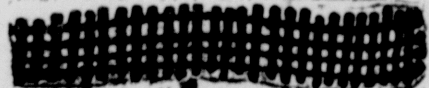

Next to come will be Lincoln J.
Carter's famous Melodrama, "The
Arizona Express." It is a fact, peo-
ple like to be "thrilled" nowadays,
and this feature picture is one that
is going to break all records for
thrills. It is another big Wm. Fox
super-special.

Others to follow are such sterling
productions as George Arliss, the
world's foremost character, in the
sensational New York stage hit, "The
Green Goddess," Tom Mix in "The
Trouble Shooter," and of course Tony
the wonder horse plays an important
role, also. Its one of Mix's best pic-
tures.

Emery John's giant epic of the
screen, "The Mailman," John Gil-
bert in "The Wolf Man," "Slaves of
Desire" with Beanie Love, George
Walsh and Carmel Meyers, are pic-
tures that will command universal
attention.

"West of the Watertower," from
the much discussed and sensational
book by that name, is one of the
special attractions coming soon.
Starring in this great picture are
Glen Hunter, Ernest Torrence, May
McAvoy, George Fawcett and Zasu
Pitts.

Rudyard Kipling's story, "The

95c

Electric Co.**

FOR SALE ADS—CALL 74

Light that Failed" a superb picture,
starring Jacqueline Logan, Percy
Marmont, Davie Torrence and others,
is one that will satisfy all lovers of
good pictures.

Pola Negri, one of the most emo-
tional actresses on the screen, is
coming again soon in her latest and
strongest picture, "In the Shadows
of Paris."

The Lyceum theatre now has a fine
double ventilating system, augmen-
ted by a battery of fans, which in-
sures a cool, comfortable place of
amusement during the summer
months.

PLAN GREAT FUTURE FOR SAHARA DESERT

Barren Waste May Yet
Bloom Like Garden.

In addition to providing an avenue
of access to the natural resources
and manpower of French central Af-
rica, the construction of the trans-
Saharan railway will make possible
an intensive exploration of the hidden
resources of the great desert.

Until recently the Sahara has been
viewed not as a territory to be ex-
plored and developed, but as an ob-
stacle to be overcome. Today engi-
neers are awakening to the mining
possibilities of the desert itself, where
deposits of many metals, of coal and
oil have been found, in addition to
the large phosphate beds now under
exploitation.

Like the "great American desert,"
practically the entire Sahara is under-
lain with a great subterranean body
of water, and an abundant supply of
water is obtained wherever artesian
wells are sunk, says Matthew Craig in
Current History Magazine.

This fact alone has already radically
changed the aspect, in places, of the
caravan routes.

Where once there was only sand,
extending like a vast and boundless
ocean to the horizon, brilliant spots of
verdure, small gardens of vegetables
and fruit trees and patches of grain
are now to be seen. The desert tribes
have been quick to follow the lead of
the French garrisons and rare col-
onists, and more than 100 wells have
been bored throughout the region.

Thus, to cite but one of many ex-
amples, Ben Gardane, which fifteen
years ago was an arid halting place,
is now the center of an olive tract
extending six kilometers, where a popu-
lation of 20,000 natives is definitely

settled on the land, which feeds them
and their flocks.

There would seem to be no reason
why the growing oases, spreading as
they do a little farther each year,
should not continue to extend indefi-
nitely with the continued augmenta-
tion in the number of wells and thus,
in time, modify the entire character
of the country; convert the nomad
tribes into a settled population—for
the nomad, ever forced to seek the
water he must have or perish, is no-
mad not from choice but from necessity
—and ultimately cause the desert it-
self "to blossom as the rose."

Certainly, when one considers the
effect on history of the change of the
Egyptian climate or the increased arid-
ity of China, it is not too much to be-
lieve that the reduction of the tempera-
ture of the European Mediterranean lit-
toral to that of our New England states
is fraught with the greatest signifi-
cance for the future of humanity.

Service to Society

FUNDAMENTALLY, the Standard Oil
Company (Indiana) is a service organiza-
tion. Directors, employees, and shareholders
are moved by one ambition—to make this
Company great in its ability to serve the
community.

It was the furtherance of this ambition which
caused the Management to take steps to se-
cure a wide distribution of shares in this
Company. To do this it was necessary to get
the price per share down to a point where in-
vestors of moderate means would find the
stock attractive. This was accomplished by
distributing the working surplus among the
shareholders, as a stock dividend, and reduc-
ing the par value from \$100 to \$25.

Today the Standard Oil Company (Indiana) is
owned by 46,016 shareholders—12,135 of whom
are employees; and 13,253 are women—no
single shareholder owns as much as 6% of the
total stock and the price per share at this
writing is \$57.00.

Among the larger shareholders are many edu-
cational and philanthropic institutions who
depend upon the dividends derived from their
holding in this Company to carry on certain
phases of their work.

For example, we cite the Rockefeller Founda-
tion and the General Educational Board whose
activities extend to all parts of the world, bet-
tering the living conditions for millions, less-
ening the burdens of the afflicted, enlightening
the youth, and expanding the educational
facilities of the world.

The service rendered to society by the Standard
Oil Company (Indiana) is of a broad and varied
nature. Not only does it supply the thirty
million people of ten Middle Western states
with petroleum products of superior quality in
such a way as to have gained their confidence,
respect and esteem, but the profits accruing
to the shareholders from the operations of
this Company are used in large part for the
welfare of all the people and to make the
world a better place in which to live.

The Chef says—
For More Savory
Stews and Gravies

**KITCHEN
BOUQUET**

Made from fresh vegetables. Gives
rich flavor, color and taste to soups,
stews, gravies, sauces and baked meats.

Meatless Gravy

1 tablespoon Kitchen Bouquet; 1 small onion; 1 small carrot; 2 table-
spoons butter; 1 qt. water; 2 tablespoons rice; 2 tablespoons flour;
Cut onion and carrot into thin slices and brown in the butter. Dis-
solve bouillon cube in boiling water, add to vegetables and simmer
for five minutes. Strain, add Kitchen Bouquet and seasonings and
use whenever a thin gravy is quickly needed. If desired thick, add
one tablespoon flour to browned vegetable and stir a minute over the
fire, then continue as directed.

Economical Stew

1 teaspoonful Kitchen Bouquet; 1 lb. beefsteak; 3 carrots; 2 raw
potatoes; 1 qt. water; 2 tablespoons rice; 2 tablespoons flour;
1 tablespoonful flour. Melt butter and brown meat in this. When
nicely browned, add flour and water. Cook from ½ to ¾ of an hour
before adding vegetables and rice. Vegetables should be diced.
Season to taste and add Kitchen Bouquet. To be served with mashed
potatoes.

Brown Gravy

Add to the pan in which meat was baked or
roasted, one rounding tablespoonful of flour;
rub to a smooth paste; add one cup of soup
stock or boiling water; stir a moment and then
place on the stove, stir until the sauce bubbles,
add ½ teaspoonful of Kitchen Bouquet and
season with salt and pepper to taste. Let it
bubble up, and serve at once.

SPECIAL OFFER—Send 10 cents for ten-
orous size trial bottle.

32 SPORTSMEN AT LAKE EDWARD

Open Bass Season Most Successfully,
Many Fine Catches
Made

OUTING WONDERFUL ONE

Sponsored by J. F. Gould, State Game
and Fish Commissioner and
Others

Thirty-two sportsmen, most of
them from the twin cities, opened the
bass season with a fishing trip to lake
Edward Sunday.

The outing was sponsored by J. F.
Gould, state game and fish commis-
sioner, Chief Game Warden, D. A.
Peterson, and other prominent nim-
rods of the state.

Gov. J. A. O. Preus and Lieutenant
Governor L. L. Collins, were to have
been included in the party, but were
detained on business. Sporting edi-
tors from the St. Paul Pioneer Press,
The Minneapolis Journal and Min-
neapolis Tribune were with the fish-
ermen, as well as Oscar E. Martin,
president of the Ramsey County
Sportsmen's Association, St. Paul.

The party came to Brainerd on Sat-
urday afternoon, stopping at the
Ransford hotel for the night. The
sportsmen were up at three o'clock
Sunday morning and arrived at lake
Edward shortly after four o'clock.

Maurice Seyferth, of Silver Beach,
met the party, with boats and bait,
and at noon appeased the appetites
of the hungry fishermen with a fine
fish dinner.

Practically every member of the
party secured a good catch of bass,
and felt well repaid for the trip. The
honors, it is said, go to Mr. Gould,
for landing the largest bass caught.
At 3:30 o'clock he brought in a fine
specimen that tipped the scales at
seven and a quarter pounds.

The sportsmen returned to Brainerd
late Sunday afternoon, and went
on to the cities immediately. They
voiced their appreciation of the
courtesies of the local fishermen who
assisted them, the services rendered
by the hotel and the proprietor of
Silver Beach.

Local men included in the party
were Deputy Game Warden A. P.
Gardle, Frank Hall, A. A. Weidemann,
R. E. Stout and Jewett Peterson.

States Write Insurance

New Zealand and nearly every state
of Australia have developed a system
of public life insurance. A booklet
issued by the New Zealand insurance
department informs us that "its pur-
pose was to give those who insure
the greatest possible amount of secu-
rity at the least possible cost." The
department is self-supporting. Profits
are divided at regular intervals of
three years among policyholders.

There are almost no limitations, says
the New York Times. A policyholder
may expect outside the day after this
policy is written, but if his heirs can
prove that he did not take out the
policy with the intention to defraud
the insurance is paid. A great variety
of policies are written and the rates
are comparatively low.

The same may be claimed by the
insurance departments maintained by
the several states of Australia. In
both Australia and New Zealand much
private insurance business is annu-
ally written. But most of this is done
by friendly societies or by companies
which are largely co-operative in char-
acter.

Use For Wornout Films

Thousands of miles of film are being
used and discarded daily in the world's
moving picture theaters. So great has
this industry become that it would
take a mathematical genius to figure
out the quantity of celluloid used.
What becomes of discarded films? When
a film has been thrown aside as "junk,"
it is cleaned by a special process,
which removes the chemical coating.
This coating is capable of yielding
silver at the rate of 112 ounces to the
ton. The cleansed celluloid strips pass
into the hands of boot and shoe man-
ufacturers, and a considerable propor-
tion of the patent toe-caps worn in
England and on this continent are the
result. You may at the present mo-
ment be wearing on your feet a bit of
film which has once held the charming
curly of Mary Pickford or the feet of
Charlie Chaplin!

About Fifty-Fifty

A little Boston boy was told on one
occasion by his teacher that he was to
stay after school for a period of one
hour and study his lessons. Paul
looked at her with a grin and asked:
"Are you going to stay with me?"
"Of course."

"If you don't mind telling me," con-
tinued Paul, "are you punishing me or
am I punishing you?"—Kansas City
Star.

Fortunate Mortals

the sound of whose voice, whose very
presence, seems like a ray of sun-
shine to turn everything they touch
into gold.—Lord Avebury.

VOTING IN THE CITY IS LIGHT

Returns up to 3 O'clock Showed
Small Vote Was
Cast

86 VOTES IN 1ST WARD

Polls in City Will be Open Until 9
O'clock This Even-
ing

Election returns up to three
o'clock Monday afternoon showed
that for the first nine hours of the
primary election the voting was very
light.

Eighty-six votes were cast in the
first ward, about seventy-five percent
of which were Farmer-Labor ballots.
There are over four hundred qualified
electors in this precinct.

In the first precinct of the second
ward there were 148 votes cast, the
majority of which were Republican.
In the second precinct of the same
ward 73 votes had been cast, in
which the Republican ballot predomi-
nated.

In the fifth ward 119 votes had
been cast the Republican and Farm-
er-Labor ballots being about equally
distributed.

No returns were received from the
third and fourth wards, those from
the first, second and fifth being
taken as a basis for the entire city.

It is hoped that the voters will
turn out in better numbers during
the late afternoon and in the even-
ing. The polls will be open until
nine o'clock. The fact that the Wo-
men's League of Voters has been
working hard to get out the vote,
and because the selecting of a plan
for improving local high school facili-
ties is before the voters, should bring
out a large vote in the city.

Boat Travels Fast

Seventy miles an hour in three
inches of water is the astonishing per-
formance claimed for a revolutionary
type of air-propelled glider boat devel-
oped by F. W. Davies of Dudley, Eng-
land, writes a correspondent of the
Detroit News.

An airplane propeller and engine
drive the hydroglider, says Popular
Science Monthly. Thus the enormous
friction exerted by the water upon
high-speed propeller blades is avoided
and the navigation of the glider in
shallow water is made possible. Even
the main rudder operates by deflecting
air instead of water. There are two
small auxiliary rudders, which are
used for maneuvering the boat into
dockage or for similar purposes, but
these are lifted from the water as
soon as the craft is under way. The
hull is scow shaped and about 15 feet
long.

Grandfather's Stomach

Vivian, age three, was busily en-
gaged in putting her dolls to bed.
Her grandfather, who has been having
trouble with his stomach, entered the
room and mournfully exclaimed: "I
just don't know what is the matter
with me; my stomach is all torn to
pieces."

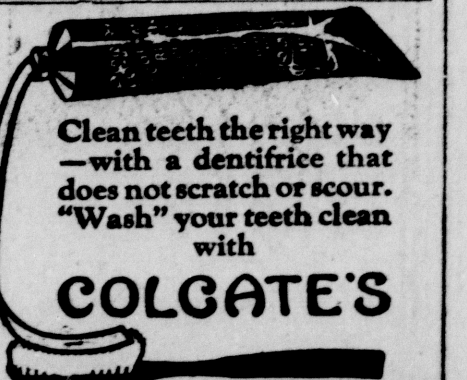

Vivian thought for a moment, then
ran downstairs to her aunt and said:
"Hasn't grandpa got any stomach?"
Her aunt, very much surprised at the
question, said: "Why, sure he has a
stomach." Vivian said: "Why, I just
heard him say it was all torn up."

Turn Out Many Marbles

Marbles of stone are made in mills
in Saxony for shipment to the United
States, India and China, a mill pro-
ducing an average of 3,500 of the
boys' delights a day.

Eye Strain? This Helps

For strained eyes try simple cam-
phor, hydrastis, witchhazel, etc., as
mixed in Lavoptik eye wash. One
small bottle helps any case weak,
strained or sore eyes. It will sur-
prise you. Aluminum eye cup free.

LYCEUM THEATRE SUMMER PROGRAM

Reveals a Great Lineup of Big Hot
Weather Specials Booked by
Popular Theatre

DOUBLE VENTILATING PLAN

This Augmented by a Battery of
Fans, Assures a Cool, Com-
fortable Theatre

Living up to its consistent policy
of giving Brainerd theatregoers the
best photoplays on the market at
popular prices, the Lyceum theatre
bookings announced for the summer
season promise that this is not only
a "slogan" with the Lyceum, but an
established fact.

This theatre in the past four years
has earned a reputation for offering
the public the best on the market,
but it is not content to stand still
and rest on its laurels, as the follow-
ing lineup of feature photoplays will
substantiate:

The first important booking is the
magnificent Wm. Fox spectacle, "The
Temple of Venus" now showing at
the Lyceum with Mary Philbin, "the
Merry-go-round girl" Phyllis Haver
and a cast of one thousand American
Bathing Beauties. This big produc-
tion was produced at Santa Cruz is-
land, in the Pacific ocean by Henry
Otto.

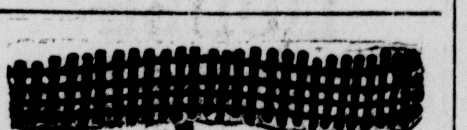

Next to come will be Lincoln J.
Carter's famous Melodrama, "The
Arizona Express." It is a fact, peo-
ple like to be "thrilled" nowadays,
and this feature picture is one that
is going to break all records for
thrills. It is another big Wm. Fox
super-special.

Others to follow are such sterling
productions as George Arliss, the
world's foremost character, in the
sensational New York stage hit, "The
Green Goddess," Tom Mix in "The
Trouble Shooter," and of course Tony
the wonder horse plays an important
role, also. Its one of Mix's best pic-
tures.

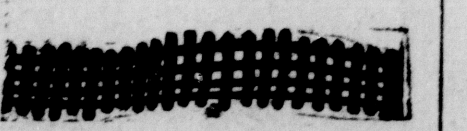

Emery John's giant epic of the
screen, "The Mailman," John Gil-
bert in "The Wolf Man," "Slaves of
Desire" with Bessie Love, George
Walsh and Carmel Meyers, are pic-
tures that will command universal
attention.

"West of the Watertower," from
the much discussed and sensational
book by that name, is one of the
special attractions coming soon.
Starring in this great picture are
Glen Hunter, Ernest Torrence, May
McAvoy, George Fawcett and Zasu
Pitts.

Rudyard Kipling's story, "The
long.

Light that Failed" a superb picture,
starring Jacqueline Logan, Percy
Marmont, Davie Torrence and others,
is one that will satisfy all lovers of
good pictures.

Pola Negri, one of the most emo-
tional actresses on the screen, is
coming again soon in her latest and
strongest picture, "In the Shadows
of Paris."

The Lyceum theatre now has a fine
double ventilating system, augment-
ed by a battery of fans, which in-
sures a cool, comfortable place of
amusement during the summer
months.

PLAN GREAT FUTURE FOR SAHARA DESERT

Barren Waste May Yet
Bloom Like Garden.

In addition to providing an avenue
of access to the natural resources
and manpower of French central Af-
rica, the construction of the trans-
Saharan railway will make possible
an intensive exploration of the hidden
resources of the great desert.

Until recently the Sahara has been
viewed not as a territory to be ex-
plored and developed, but as an ob-
stacle to be overcome. Today engi-
neers are awakening to the mining
possibilities of the desert itself, where
deposits of many metals, of coal and
oil have been found, in addition to
the large phosphate beds now under
exploitation.

Like the "great American desert,"
practically the entire Sahara is under-
lain with a great subterranean body
of water, and an abundant supply of
water is obtained wherever artesian
wells are sunk, says Mathew Craig in
Current History Magazine.

This fact alone has already radically
changed the aspect, in places, of the
caravan routes.

Where once there was only sand,
extending like a vast and boundless
ocean to the horizon, brilliant spots of
verdure, small gardens of vegetables
and fruit trees and patches of grain
are now to be seen. The desert tribes
have been quick to follow the lead of
the French garrisons and rare col-
onists, and more than 100 wells have
been bored throughout the region.

Thus, to cite but one of many ex-
amples, Ben Gardane, which fifteen
years ago was an arid halting place,
is now the center of an olive tract
extending six kilometers, where a popu-
lation of 20,000 natives is definitely

settled on the land, which feeds them
and their flocks.

There would seem to be no reason
why the growing oases, spreading as
they do a little farther each year,
should not continue to extend indefi-
nitely with the continued augmenta-
tion in the number of wells and thus,
in time, modify the entire character
of the country; convert the nomad
tribes into a settled population—for
the nomad, ever forced to seek the
water he must have or perish, is no-
mad not from choice but from necessity
—and ultimately cause the desert it-
self "to blossom as the rose."

Certainly, when one considers the
effect on history of the change of the
Egyptian climate or the increased arid-
ity of China, it is not too much to be-
lieve that the reduction of the tempera-
ture of the European Mediterranean
littoral from its present mean aver-
age to that of our New England states
is fraught with the greatest signifi-
cance for the future of humanity.

Service to Society

FUNDAMENTALLY, the Standard Oil
Company (Indiana) is a service organiza-
tion. Directors, employees, and shareholders
are moved by one ambition—to make this
Company great in its ability to serve the
community.

It was the furtherance of this ambition which
caused the Management to take steps to se-
cure a wide distribution of shares in this
Company. To do this it was necessary to get
the price per share down to a point where in-
vestors of moderate means would find the
stock attractive. This was accomplished by
distributing the working surplus among the
shareholders, as a stock dividend, and reduc-
ing the par value from \$100 to \$25.

Today the Standard Oil Company (Indiana) is
owned by 46,016 shareholders—12,135 of whom
are employees; and 13,253 are women—no
single shareholder owns as much as 6% of the
total stock and the price per share at this
writing is \$57.00.

Among the larger shareholders are many edu-
cational and philanthropic institutions who
depend upon the dividends derived from their
holding in this Company to carry on certain
phases of their work.

For example, we cite the Rockefeller Founda-
tion and the General Educational Board whose
activities extend to all parts of the world, bet-
tering the living conditions for millions, less-
ening the burdens of the afflicted, enlightening
the youth, and expanding the educational
facilities of the world.

The service rendered to society by the Standard
Oil Company (Indiana) is of a broad and varied
nature. Not only does it supply the thirty
million people of ten Middle Western states
with petroleum products of superior quality in
such a way as to have gained their confidence,
respect and esteem, but the profits accruing
to the shareholders from the operations of
this Company are used in large part for the
welfare of all the people and to make the
world a better place in which to live.

Brainerd' Minn.

The Chef says— For More Savory Stews and Gravies KITCHEN BOUQUET

Made from fresh vegetables. Gives
rich flavor, color and taste to soups,
stews, gravies, sauces and baked meats.

Meatless Gravy

1 tablespoon Kitchen Bouquet; 1 small onion; 1 small carrot; 2 table-
spoons butter; 1 bouillon cube; 1 cup boiling water, salt and pepper.
Cut onion and carrot into thin slices and brown in the butter. Dis-
solve bouillon cube in boiling water, add to vegetables and simmer
for five minutes. Strain, add Kitchen Bouquet and seasonings and
use whenever a thin gravy is quickly needed. If desired thick, add
one tablespoon flour to browned vegetable and stir a minute over the
fire, then continue as directed.

Economical Stew

1 teaspoonful Kitchen Bouquet; 1 lb. beefsteak; 3 carrots; 2 raw
potatoes; 1 qt. water; 2 tablespoonfuls rice; 2 tablespoonfuls butter;
1 tablespoonful flour. Melt butter and brown meat in this. When
nicely browned, add flour and water. Cook from 3/4 to 1 1/2 of an hour
before adding vegetables and rice. Vegetables should be sliced.
Season to taste and add Kitchen Bouquet. To be served with mashed
potatoes.

Brown Gravy

Add to the pan in which meat was baked or
roasted, one rounding tablespoonful of flour;
rub to a smooth paste; add one cup of soup
stock or boiling water; stir a moment and then
place on the stove, stir until the sauce bubbles,
add 1/2 teaspoonful of Kitchen Bouquet and
season with salt and pepper to taste. Let it
bubble up, and serve at once.

SPECIAL OFFER. Send 10 cents for new
Folder containing other recipes

THE VALUE OF PROTECTION

THE American laboring man, skilled or unskilled, knows the danger of too much competition—too large a supply of labor. That is one reason why American workmen have favored a more stringent law for the limitation of immigration. And the menace of too much competition extends not only to the supply of labor but to the supply of the products of labor. An American worker in a glass factory, for instance, knows that his job and his wages will be imperilled if too many glass makers come here from Europe. He knows that his job and his wages will be even more imperilled if too much glassware, made by European labor in Europe, is imported.

So far as the American producer is concerned, the competition is as great if the product of 1,000 workmen in Europe is imported as it would be if the laborers were imported and employed in American factories.

In fact, the importation of the products instead of the immigration of the labor, is much more injurious to the interests of the American workman. If the European laborer comes here and finds employment, he competes with the American workman, it is true, but he soon comes to adopt the American standard of living, whereas if he remains in Europe and sells his products here, he adheres to the lower European standard of living, and lower wages. Moreover, if the laborer comes here he adds to the market for American goods and in a measure makes up for competition he introduces, whereas, if he remains in Europe and sells his product here, he is a competitor of the American workman without furnishing any considerable market for other American products.

All of these facts were undoubtedly in the minds of delegates to the convention of the American Federation of Labor when, in 1917, they adopted a resolution ordering that "this convention go on record in favor of a policy of industrial preparedness and the enactment of laws by Congress that will adequately protect all wage earners of our country against loss of employment through any invasion of the product of any other nation."

It was perfectly obvious to the delegates to that convention that loss of employment must result from the "invasion of the product of any other country" if that product could be produced here. It should have been obvious, if it was not, that the invasion of our country by one product doubly injures the American producer, for every dollar's worth of foreign goods sold here means the sending away of a dollar that will circulate in the foreign country and leave that much less money to pass from hand to hand here for goods and labor. Every dollar changes hands about ten times in a year, so that sending one dollar abroad limits the business and industrial activity of this country to the extent of about ten dollars per year.

It will be noted that the resolution above quoted called for a law that will "adequately protect" the American workman. No definition was given for "adequately" but it could not mean anything less than an import tax equal to the difference in cost of production here and abroad. An import tax less than that would not prevent an "invasion," and, therefore, would not be "adequate."

WARMER WEATHER

THE advent of 70 degree weather, plus warm rains, is having its effect on vegetation and garden stuff is growing so fast you can see the lettuce adding leaves and the radishes rising to new heights.

Corn has been given a real impetus. The hay crop and the alfalfa give promise to yield large returns to the dairy farmers. No matter what vagaries are in the weather, Crow Wing county has never had a total crop failure. There is always some essential which climbs the grade and saves the situation.

Warmer weather is also causing the tourist drive to start in earnest and Brainerd and the surrounding resorts are feeling the impetus of this cash business. Brainerd's Tourist Park greets the visitors as of old and in addition Lum park also offers its welcome. An effort will be made this year to lengthen the stay of the visitors in Brainerd. Last year there was such a caravan that the stay in the Tourist park was limited so as to give all a chance to visit it.

THE SEASON OF THE WOODTICK

THERE is one little pest, familiar to all out of doors people, the vigilant, little woodtick. Every animal or insect was created for some purpose, but we have failed to fathom the general nature of things to ascertain the special province of this bug. He is of a most persistent nature, and gaining the least foothold in your anatomy, will bore in with as much delight as a new drill in an oil field.

His proboscis works rapidly, his head follows and if you give him time enough, he will bury himself and establish permanent quarters. The extraction is oftentimes a difficult matter. He must be carefully unscrewed and if his head is detached, of course the remainder stays with you and it proves a most uncomfortable part of the woodtick fraction.

The only lesson one may draw from a woodtick is that persistence wins. The woodtick does not scatter his energies. He seizes upon his objective, he attaches himself to his task and if let alone, he attains it.

WE VOTE YES

No getting around this statement by Alvah Eastman. Engrave it, Mr. Taxpayer, in your memory:

When a tourist from any of our thirty-six states comes to Minnesota he has no gas tax to pay, which he would be willing enough to pay if it were used in making safer and smoother highways. Minnesota is thus losing about \$4,000,000 a year that autoists would be willing to pay, and a big percentage would come from drivers of other states.

Listen! Every voter will have a chance to cast a ballot November 4 for a constitutional amendment that will tax gasoline and bring to the good roads fund \$4,000,000. Will we do it? Would a duck swim, queries the Fairmont Sentinel.

AUTOMOBILES have succeeded in putting most of the horses out of business, but the jackass crop is still going strong, said the Benson Monitor.

Spectacular Beauty of Nature and Womanhood Make Fine Picture of "Temple of Venus"

Spectacular beauty, most of it the natural sort, some of it done with a rabbit's foot and an eyebrow pencil, is the most plentiful element which makes an exceptional picture of "The Temple of Venus," now playing at Lyceum Theatre. The production was made by William Fox and directed by Henry Otto on Santa Cruz Island, where the beauties of nature abound. Director Otto used 1,000 west coast bathing beauties to enhance the beauty of the island.

The story is a vivid comparison of the lives of two girls, one a native of the exquisite little gem in the Pacific, the other a New York society debutante. The elaboration possible in such a story may be imagined and little that the imagination can invent will surpass the picture.

Picturesque caves, remarkable beach scenes and the splendor of island groves, are shown to beautiful advantage, their attractions enhanced by the appearance of hundreds of winsome girls in the most advantageous beach costumes to be found—even at Newport. It's a treat for the eye.

YOUNG MEN ARE RECOGNIZED

Proved to be Noticeable Feature of Republican National Convention

D. D. SCHRADER IN INTERVIEW

Brainerd Man Was One of Minnesota's Twenty-Seven Delegates

One of the noticeable features of the Republican national convention at Cleveland last week, was the active part which young men took in the floor work, a part that has always been handled in the past by older men, said D. D. Schrader, who returned from the convention Saturday night.

Mr. Schrader was one of Minnesota's twenty-seven delegates, who cast their vote for Coolidge and Dawes. The Minnesota delegation was seated in the fourth row from the front of the convention hall, among the choice seats in the entire building, in which were gathered over one thousand delegates and about thirty thousand spectators.

One of the "inside" stories of the convention, which has not received much publicity, is the manner in which the vice presidential candidate was selected. Theodore Burton of Ohio was backed by the delegates from the Eastern states, and to block this delegation some fifteen or eighteen middle-western states put up Lowden, with very little hope that he would accept.

As soon as Lowden was nominated, the convention recessed for two hours, at which time it was learned that the candidate would not accept the nomination. The mid-western states then got together and put up Dawes, who went over by 668 votes on the first ballot.

The delegates who had backed Burton turned to Hoover, when Dawes was proposed. Hoover made a strong run, receiving over three hundred votes.

It is felt that Dawes is a very strong man as a vote-getter. Because of his work in the reparations matter, he has made many friends among Germans, French and English voters in the United States. He is also an ex-service man, who stands high with all World War veterans.

It is thought possible that Dawes may be the next president. This is of course in the event of no presidential nominee receiving a majority of votes in the electoral college. If this happens, the choice of president goes to the house of representatives, which body, it is said will deadlock on the matter.

It would, then be the duty of the senate to select the next president from the vice presidents who have been chosen and because of the Republican control in such a matter in the

senate, Dawes would be the choice.

Cleveland treated her guests royally, said Mr. Schrader. Nothing was too good for those who wore the convention badges. During a recess on one afternoon, the delegates were taken to see Cleveland play Washington in a fast game in which Washington was defeated by a score of 2 to 1. In this game, Mr. Schrader saw Johnson, pitcher, said to be one of the strongest twirlers in the big leagues. He also saw Speaker knock a homer, the only one of the game, which lasted through twelve innings. At the end of the ninth inning the score stood 0 to 0.

It is the general consensus of opinion, says Mr. Schrader, that the Democrats will nominate McAdoo, and the third party's choice will be LaFollett. No one can prophecy who the vice presidential nominees will be in these cases, however.

Well, How About It?

He was a thoughtful boy. "Injustice!" he exclaimed, "the world is full of it even for a youth of twelve." "How is that?" asked an elderly companion. "Have you not observed," pursued the youthful philosopher, "how that a boy who has never sworn to obey his mother's husband has nevertheless to do so, while that same mother, who has sworn to obey him, never does?"

THE VALUE OF PROTECTION

THE American laboring man, skilled or unskilled, knows the danger of too much competition—too large a supply of labor. That is one reason why American workmen have favored a more stringent law for the limitation of immigration. And the menace of too much competition extends not only to the supply of labor but to the supply of the products of labor. An American worker in a glass factory, for instance, knows that his job and his wages will be imperilled if too many glass makers come here from Europe. He knows that his job and his wages will be even more imperilled if too much glassware, made by European labor in Europe, is imported.

So far as the American producer is concerned, the competition is as great if the product of 1,000 workmen in Europe is imported as it would be if the laborers were imported and employed in American factories.

In fact, the importation of the products instead of the immigration of the labor, is much more injurious to the interests of the American workman. If the European laborer comes here and finds employment, he competes with the American workman, it is true, but he soon comes to adopt the American standard of living, whereas if he remains in Europe and sells his products here, he adheres to the lower European standard of living, and lower wages. Moreover, if the laborer comes here he adds to the market for American goods and in a measure makes up for competition he introduces, whereas, if he remains in Europe and sells his product here, he is a competitor of the American workman without furnishing any considerable market for other American products.

All of these facts were undoubtedly in the minds of delegates to the convention of the American Federation of Labor when, in 1917, they adopted a resolution ordering that "this convention go on record in favor of a policy of industrial preparedness and the enactment of laws by Congress that will adequately protect all wage earners of our country against loss of employment through any invasion of the product of any other nation."

It was perfectly obvious to the delegates to that convention that loss of employment must result from the "invasion of the product of any other country" if that product could be produced here. It should have been obvious, if it was not, that the invasion of our country by one product doubly injures the American producer, for every dollar's worth of foreign goods sold here means the sending away of a dollar that will circulate in the foreign country and leave that much less money to pass from hand to hand here for goods and labor. Every dollar changes hands about ten times in a year, so that sending one dollar abroad limits the business and industrial activity of this country to the extent of about ten dollars per year.

It will be noted that the resolution above quoted called for a law that will "adequately protect" the American workman. No definition was given for "adequately" but it could not mean anything less than an import tax equal to the difference in cost of production here and abroad. An import tax less than that would not prevent an "invasion," and, therefore, would not be "adequate."

WARNER WEATHER

THE advent of 70 degree weather, plus warm rains, is having its effect on vegetation and garden stuff is growing so fast you can see the lettuce adding leaves and the radishes rising to new heights.

Corn has been given a real impetus. The hay crop and the alfalfa give promise to yield large returns to the dairy farmers. No matter what vagaries are in the weather, Crow Wing county has never had a total crop failure. There is always some essential which climbs the grade and saves the situation.

Warmer weather is also causing the tourist drive to start in earnest and Brainerd and the surrounding resorts are feeling the impetus of this cash business. Brainerd's Tourist Park greets the visitors as of old and in addition Lum park also offers its welcome. An effort will be made this year to lengthen the stay of the visitors in Brainerd. Last year there was such a caravan that the stay in the Tourist park was limited so as to give all a chance to visit it.

THE SEASON OF THE WOODTICK

THERE is one little pest, familiar to all out of doors people, the vigilant, little woodtick. Every animal or insect was created for some purpose, but we have failed to fathom the general nature of things to ascertain the special province of this bug. He is of a most persistent nature, and gaining the least foothold in your anatomy, will bore in with as much delight as a new drill in an oil field.

His proboscis works rapidly, his head follows and if you give him time enough, he will bury himself and establish permanent quarters. The extraction is oftentimes a difficult matter. He must be carefully unscrewed and if his head is detached, of course the remainder stays with you and it proves a most uncomfortable part of the woodtick fraction.

The only lesson one may draw from a woodtick is that persistence wins. The woodtick does not scatter his energies. He seizes upon his objective, he attaches himself to his task and if let alone, he attains it.

WE VOTE YES

No getting around this statement by Alvah Eastman. Engrave it, Mr. Taxpayer, in your memory:

When a tourist from any of our thirty-six states comes to Minnesota he has no gas tax to pay, which he would be willing enough to pay if it were used in making safer and smoother highways. Minnesota is thus losing about \$4,000,000 a year that autoists would be willing to pay, and a big percentage would come from drivers of other states.

Listen! Every voter will have a chance to cast a ballot November 4 for a constitutional amendment that will tax gasoline and bring to the good roads fund \$4,000,000. Will we do it? Would a duck swim, queries the Fairmont Sentinel.

AUTOMOBILES have succeeded in putting most of the horses out of business, but the jackass crop is still going strong, said the Benson Monitor.

Spectacular Beauty of Nature and Womanhood Make Fine Picture of "Temple of Venus"

Spectacular beauty, most of it the natural sort, some of it done with a rabbit's foot and an eyebrow pencil, is the most plentiful element which makes an exceptional picture of "The Temple of Venus," now playing at Lyceum Theatre. The production was made by William Fox and directed by Henry Otto on Santa Cruz island, where the beauties of nature abound. Director Otto used 1,000 west coast bathing beauties to enhance the beauty of the island.

The story is a vivid comparison of the lives of two girls, one a native of the exquisite little gem in the Pacific, the other a New York society debutante. The elaboration possible in such a story may be imagined and little that the imagination can invent will surpass the picture.

Picturesque caves, remarkable beach scenes and the splendor of island groves, are shown to beautiful advantage, their attractions enhanced by the appearance of hundreds of winsome girls in the most advantageous beach costumes to be found—even at Newport. It's a treat for the eye.

YOUNG MEN

ARE RECOGNIZED

Proved to be Noticeable Feature of Republican National Convention

D. D. SCHRADER IN INTERVIEW

Brainerd Man Was One of Minnesota's Twenty-Seven Delegates

One of the noticeable features of the Republican national convention at Cleveland last week, was the active part which young men took in the floor work, a part that has always been handled in the past by older men, said D. D. Schrader, who returned from the convention Saturday night.

Mr. Schrader was one of Minnesota's twenty-seven delegates, who cast their vote for Coolidge and Dawes. The Minnesota delegation was seated in the fourth row from the front of the convention hall, among the choice seats in the entire building, in which were gathered over one thousand delegates and about thirty thousand spectators.

One of the "inside" stories of the convention, which has not received much publicity, is the manner in which the vice presidential candidate was selected. Theodore Burton of Ohio was backed by the delegates from the Eastern states, and to block this delegation some fifteen or eighteen middle-western states put up Lowden, with very little hope that he would accept.

As soon as Lowden was nominated, the convention recessed for two hours, at which time it was learned that the candidate would not accept the nomination. The mid-western states then got together and put up Dawes, who went over by 668 votes on the first ballot.

The delegates who had backed Burton turned to Hoover, when Dawes was proposed. Hoover made a strong run, receiving over three hundred votes.

It is felt that Dawes is a very strong man as a vote-getter. Because of his work in the reparations matter, he has made many friends among Germans, French and English voters in the United States. He is also an ex-service man, who stands high with all World War veterans.

It is thought possible that Dawes may be the next president. This is of course in the event of no presidential nominee receiving a majority of votes in the electoral college. If this happens, the choice of president goes to the house of representatives, which body, it is said will deadlock on the matter.

It would, then be the duty of the senate to select the next president from the vice presidents who have been chosen and because of the Republican control in such a matter in the

senate, Dawes would be the choice.

Cleveland treated her guests royally, said Mr. Schrader. Nothing was too good for those who wore the convention badges. During a recess on one afternoon, the delegates were taken to see Cleveland play Washington in a fast game in which Washington was defeated by a score of 2 to 1. In this game, Mr. Schrader saw Johnson, pitcher, said to be one of the strongest twirlers in the big leagues. He also saw Speaker knock a homer, the only one of the game, which lasted through twelve innings. At the end of the ninth inning the score stood 0 to 0.

It is the general consensus of opinion, says Mr. Schrader, that the Democrats will nominate McAdoo, and the third party's choice will be LaFollett. No one can prophecy who the vice presidential nominees will be in these cases, however.

Well, How About It?

He was a thoughtful boy. "Injustice!" he exclaimed, "the world is full of it even for a youth of twelve." "How is that?" asked an elderly companion. "Have you not observed," pursued the youthful philosopher, "how that a boy who has never sworn to obey his mother's husband and has nevertheless to do so, while that same mother, who has sworn to obey him, never does?"

SAD TALE OF FORD COUPE

St. Paul Man's Coupe Burns Right
in Middle of Gull Lake
Road

HELD UP TRAFFIC AN HOUR

Brainerd Man Buys Remains, and
Vandals Steal Every-
thing

A Ford coupe, belonging to a St. Paul man, burned on Saturday evening just east of the M. & I. crossing on Trunk Highway No. 2, about one and a half miles west of Brainerd. The car burned right in the middle of the road and held up traffic for nearly an hour. A number of motorists detoured by taking the old road that crosses the railway track a mile north.

The name of the owner of the Ford could not be learned. It is said that with his daughter he was coming to Brainerd from Gull lake, and fearing that he would run out of gasoline before reaching the city, he procured a gallon from a farmer, carrying it in an open syrup can in the back of the car.

The gasoline splashed out of the car, and ran down on the hot exhaust pipe beneath. In a few minutes the coupe was ablaze and the occupants barely had time to escape with their lives. It is said that the loss is partly covered by insurance.

A Brainerd man bought the remains and when he went out to claim it, vandals had appropriated the tires, spark plugs and even the radiator cap.

BODIES NOW FOUND IN MILFORD MINE BRING TOTAL TO 14

Crosby, Minn., June 16.—Two more bodies were recovered from the Milford mine here making the total recovered 14.

The bodies of Fred Harte of West Duluth, and Frank Hrvatin of Crosby, were found on the 165-foot level. Hrvatin leaves a widow and nine children. Hrvatin's oldest boy was in the mine and gave an alarm when the accident happened, but was unable to save his father, who shouted "Goodbye" when the flood overwhelmed him.

Keep your sink as sweet as your disposition—use Blue Devil.

ELKS FLAG DAY AND PICNIC

Exercises and Outing Took Place at
Breezy Point Lodge on
Sunday

ROYAL TIME ENJOYED BY ALL

Mrs. W. H. Fawcett, as Hostess, Adds
to Entertainment of
Occasion

The Elks Flag Day exercises and picnic were held at Breezy Point Lodge on Sunday and attracted a large attendance. The weather, which seemed to frown with dark clouds early in the morning, changed rapidly and at 11 o'clock, propitious Elks' hour, there was the start of an ideal picnic day which so continued.

The scene of the picnic and exercises was a wonderful grove at Breezy Point Lodge on a hill near the row of St. Paul cottages. The site is new land recently acquired by Mrs. W. H. Fawcett, owner of the lodge. As Captain William H. Fawcett is an honored member of Brainerd lodge, Mrs. Fawcett outdid herself in the entertainment provided for the Elks.

There were tables and benches for the use of the picnickers; a water wagon with spring water, a soft drink tent; rest rooms, boats, oil stoves, etc. Not one point had been overlooked by Mrs. Fawcett, who is rapidly gaining the reputation of being one of the most exact and methodical business women of the state, and combines in a happy medium such ability coupled with the attractiveness and charm of a hostess who seeks to make pleasant the stay of her guests.

The regular flag day program had not proceeded far when Mrs. Fawcett announced the addition of entertainers whom she had persuaded to stay over from the state trapshooting tourney.

They included Miss Dody Reimer, a wonderful pianist; Miss Alta Borland, soprano soloist; Fred Lindberg, Swedish monologist. They gave their best and were greeted with loud applause. Miss Reimer sang and played herself into the hearts of the audience; Miss Borland sang and danced like a woodland nymph; Mr. Lindberg was excruciatingly funny in his characterizations, concluding with a remarkable impersonation of a well known politician. Mrs. Fawcett and her performers were given the unanimous thanks of the assemblage for the entertainment provided.

The Elks' quartet, S. F. Alderman, A. C. Mraz, John M. Bye and Dr. A. K. Cohen, sang patriotic songs. The "History of the Flag" was given by Past Exalted Ruler J. J. Nolan. Piano accompaniments were played by Mrs. Walter F. Wieland. The piano had been removed from the pavilion to the grove.

In the afternoon the ball game between Brainerd Elks and the Pequot team resulted in a score of 4 to 2 in favor of the Elks. It is reviewed in the sports page and lauds Dr. A. A. Steinfeldt as the outstanding hero of the game.

In the evening many repaired to the cafe for supper, following which the Mitzel orchestra provided entertainment at the pavilion.

EDWARD LEMIRE DIED

Former Brainerd Resident, Ex-Ser-
vice Man, Passed Away in Aber-
deen Hospital

Word has been received in the city announcing the death of Edward Lemire, a former resident of Brainerd, who served in the late war and who has been disabled as a consequence ever since, being confined for over a year in Aberdeen hospital.

In a letter from his wife it is stated that Mr. Lemire passed away late last week in Marion, Indiana. The remains are being brought to Brainerd, for burial, and should arrive tonight or Tuesday.

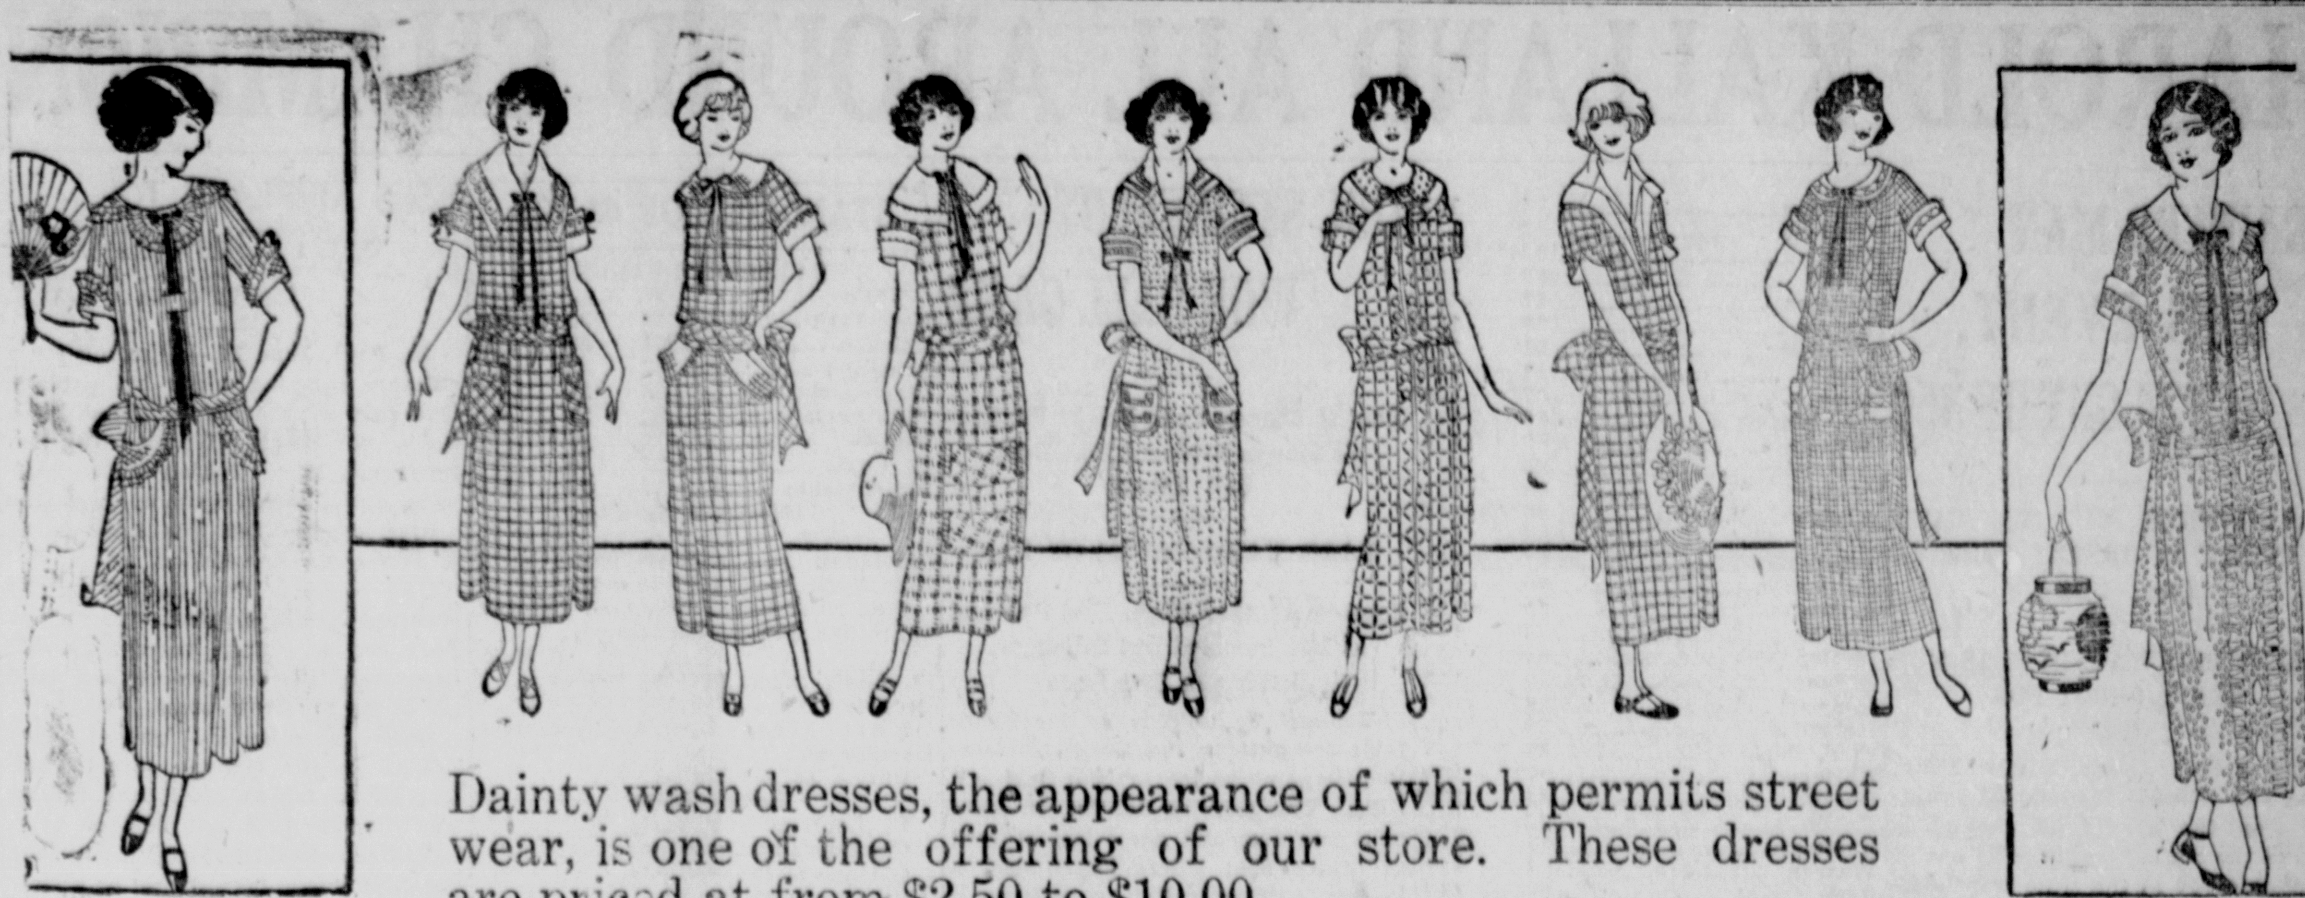

Maki-Luthia

Victor Benerik Maki and Miss Sarna Luthia were married at five o'clock Sunday afternoon at the parsonage of the Norwegian Danish Lutheran church, Rev. O. L. Boistad officiating, using the ring service.

The witnesses were Matt Hay and Hannah Hay. The bride and groom are both residents of Brainerd. They will make their home at 1320 Norwood street.

Clara Lutheran Church

The Sunday school teachers will meet tomorrow evening (Tuesday) at the home of Miss Myrtle Headman, 1716 Maple St. Read up on Paul's Third Missionary Journey. Important business. All teachers are requested to be there.

Dainty wash dresses, the appearance of which permits street wear, is one of the offering of our store. These dresses are priced at from \$2.50 to \$10.00.

ROTARY CLUB'S TUESDAY SESSION

Rev. N. P. Olmsted to Speak on an
Important Educational
Topic

LIEUTENANT COMMANDER LIND

Brainerd Boy Told Such an Interest-
ing Narrative That Club Over-
ran Time Limit

In speaking of the coming meeting of the Rotary Tuesday, the Rotameter promises an address by N. P. Olmsted on "The Great Defect in Our Educational System."

Lieutenant Commander Wallace Lind, who is now in charge of the Aerial Training Station of the Navy at San Diego, Calif., told of some of his experiences in the navy, one of the most interesting and exciting being during the war when the transport, President Lincoln, was torpedoed and sunk.

In the absence of President W. H. Gemmell, John F. Woodhead presided, but became so interested in Commander Lind's narrative that he forgot the time and the program overran 15 minutes, but nobody objected.

There was a double header on birthdays, Clyde Parker's of June 9th and John A. Hoffbauer's of June 10th being remembered with the customary presentation of red carnations.

Five visiting Rotarians from Staples were present, President Bert J. Dower, Secretary George Beckett and Paul Reed, J. R. Fremis and E. E. Greeno. Another out of town visitor was Ray M. Bergeson, secretary of the Bismarck, N. D. club.

Others present were Harry Kent, guest of John F. Woodhead and G. W. Chadbourne, guest of L. R. Tanner.

Carl Wright and Walter F. Wieland were classmates of Wallace Lind in the Brainerd high school.

Walter F. Wieland, delegate of the Brainerd Rotary club, left Friday morning for Duluth where he joined the Duluth Rotarians and others, going to the International Rotary convention at Toronto, Canada, and arriving there the morning of June 16th.

JACOB HENDRICKS DIED

Passed Away Saturday Afternoon at
Home of His Youngest Daughter,
Mrs. Henry Moilanen

Jacob Hendricks passed away on Saturday afternoon, June 14th at the home of his youngest daughter, Mrs. Henry Moilanen, death being caused from the infirmities of old age and from a hemorrhage of the brain.

Deceased was born in Finland, September 1st, 1842, and would have been eighty-two years of age on his next birthday. He came to the United States twenty-two years ago, and has made his home in Brainerd ever since.

He is survived by two daughters, Mrs. Henry Moilanen and Mrs. Oscar Emilson, and two sons, Charles of Brainerd, and Adolph of Berkeley, Calif., also by two sisters and a brother. His wife preceded him in death five years ago.

The funeral will be held at two o'clock Tuesday afternoon from the Finnish Lutheran church, corner of Quince and Fourteenth streets, Rev. Kantonen officiating. Interment will be made in Evergreen cemetery.

NEW SELLING PLAN IN EFFECT

Woodhead Motor Co., Uses Out Door
Sales Plan in Used and Re-
built Cars

CORNER FRONT AND SOUTH STH

Sales Lot Will be in Charge of
Thomas Olson, An Experienced
Man

The Woodhead Motor Company today inaugurated a new selling plan in its used and rebuilt car department. The lot at the corner of Front and South Broadway, just east of D. E. Whitney's, has been secured for an outdoor sales lot, for the sale of used Ford cars.

This sales lot will be in charge of Thomas Olson, who has been handling the company's used car department for the past year. Mr. Olson will show Fords of all models at prices to suit every purse, with attractive terms.

The idea of an open-air sales lot is not altogether original with the local company. The large city dealers have employed this means of exhibiting used cars most successfully for the past year.

The Woodhead Motor Company's stock of new Ford cars is necessarily so large, that there is no room for properly displaying the used cars, which always find a ready sale when easily accessible to the public. These used cars have been carefully overhauled and put in the best mechanical condition possible. A number of them have been entirely rebuilt.

CAR SIDESWIPE

Omer Liners' Automobile Damaged by
Driver on Little Falls Road
Sunday

While driving from Brainerd to Little Falls, the Ford car owned and driven by Omer Liners was hit by a Crosby car, that passed him.

The impact caved in the back of the Ford. The other car suffered a broken fender, headlight and radiator. Mr. Liners secured the number of the Crosby car. The accident occurred a mile north of Ft. Ripley.

GRAND VIEW LODGE OPENING

Big Dance is Featured, With Hed-
strom Orchestra, Saturday Even-
ing, June 21

DINNER SERVED 6 TO 8 P. M.

Lodge Dancing Floor Has Surface of
6,000 Square Feet, Largest
in District

Grand View Lodge, located on Gull lake, will have its formal opening this season on Saturday evening, June 21, when the lodge will be host at a big dance and a dinner will be served. The dinner hours will be from 6 to 8 o'clock.

The lodge has a dancing floor with 6,000 square feet of surface, believed to be the largest in the Brainerd Lake Region. Connected with the lodge there are 20 sleeping cottages and a club house, all offering accommodations for 100 people.

Last year Grand View lodge recorded the biggest business in its history and the resort was filled from June to the middle of September, tourists coming from all states of the union.

"This year," said M. V. Baker, owner, "judging from the hundreds of inquiries and reservations already made, we expect a continuance of the high mark attained last year."

The resort has added four splendid horseshoe courts conforming to association regulations. An invitation is extended horseshoe devotees to use these courts free of charge.

The bathing beach is equipped with diving boards, etc. The lodge has a complete equipment of boats, all bathing facilities, etc.

J. C. Congdon Circle

The J. C. Congdon circle, No. 89, Ladies of the G. A. R., will have a picnic in Gregory park on Tuesday afternoon, beginning at 2:30 o'clock. All members are requested to be present. All post members are cordially invited to attend.

Occasion

The Elks Flag Day exercises and picnic were held at Breezy Point Lodge on Sunday and attracted a large attendance. The weather, which seemed to frown with dark clouds early in the morning, changed rapidly and at 11 o'clock, propitious Elks' hour, there was the start of an ideal picnic day which so continued.

The scene of the picnic and exercises was a wonderful grove at Breezy Point Lodge on a hill near the row of St. Paul cottages. The site is new land recently acquired by Mrs. W. H. Fawcett, owner of the lodge. As Captain William H. Fawcett is an honored member of Brainerd lodge, Mrs. Fawcett outdid herself in the entertainment provided for the Elks.

There were tables and benches for the use of the picnickers; a water wagon with spring water, a soft drink tent; rest rooms, boats, oil stoves, etc. Not one point had been overlooked by Mrs. Fawcett, who is rapidly gaining the reputation of being one of the most exact and methodical business women of the state, and combines in a happy medium such ability coupled with the attractiveness and charm of a hostess who seeks to make pleasant the stay of her guests.

The regular flag day program had not proceeded far when Mrs. Fawcett announced the addition of entertainers whom she had persuaded to stay over from the state trapshooting tourney.

They included Miss Dody Reimer, a wonderful pianist; Miss Alta Borland, soprano soloist; Fred Lindberg, Swedish monologist. They gave their best and were greeted with loud applause. Miss Reimer sang and played herself into the hearts of the audience; Miss Borland sang and danced like a woodland nymph; Mr. Lindberg was execrably funny in his characterizations, concluding with a remarkable impersonation of a well known politician. Mrs. Fawcett and her performers were given the unanimous thanks of the assemblage for the entertainment provided.

The Elks' quartet, S. F. Alderman, A. C. Mraz, John M. Bye and Dr. A. K. Cohen, sang patriotic songs. The "History of the Flag" was given by Past Exalted Ruler J. J. Nolan. Piano accompaniments were played by Mrs. Walter F. Wieland. The piano had been removed from the pavilion to the grove.

In the afternoon the ball game between Brainerd Elks and the Pequot team resulted in a score of 4 to 2 in favor of the Elks. It is reviewed in the sports page and lauds Dr. A. A. Steinfeldt as the outstanding hero of the game.

In the evening many repaired to the cafe for supper, following which the Miltz orchestra provided entertainment at the pavilion.

EDWARD LEMIRE DIED

Former Brainerd Resident, Ex-Serv-
ice Man, Passed Away in Aber-
deen Hospital

Word has been received in the city announcing the death of Edward Lemire, a former resident of Brainerd, who served in the late war and who has been disabled as a consequence ever since, being confined for over a year in Aberdeen hospital.

In a letter from his wife it is stated that Mr. Lemire passed away late last week in Marion, Indiana. The remains are being brought to Brainerd, for burial, and should arrive tonight or Tuesday.

Maki-Luhta

Victor Benerik Maki and Miss Sarma Luhta were married at five o'clock Sunday afternoon at the parsonage of the Norwegian Danish Lutheran church, Rev. O. L. Eolstad officiating, using the ring service.

The witnesses were Matt Hay and Hannah Hay. The bride and groom are both residents of Brainerd. They will make their home at 1320 Norwood street.

Clara Lutheran Church

The Sunday school teachers will meet tomorrow evening (Tuesday) at the home of Miss Myrtle Headman, 1716 Maple St. Read up on Paul's Third Missionary Journey. Important business. All teachers are requested to be there.

Dainty wash dresses, the appearance of which permits street wear, is one of the offering of our store. These dresses are priced at from \$2.50 to \$10.00.

ROTARY CLUB'S TUESDAY SESSION

Rev. N. P. Olmsted to Speak on an
Important Educational
Topic

LIEUTENANT COMMANDER LIND

Brainerd Boy Told Such an Interest-
ing Narrative That Club Over-
ran Time Limit

In speaking of the coming meeting of the Rotary Tuesday, the Rotameter promises an address by N. P. Olmsted on "The Great Defect in Our Educational System."

Lieutenant Commander Wallace Lind, who is now in charge of the Aerial Training Station of the Navy at San Diego, Calif., told of some of his experiences in the navy, one of the most interesting and exciting being during the war when the transport, President Lincoln, was torpedoed and sunk.

In the absence of President W. H. Gemmell, John F. Woodhead presided, but became so interested in Commander Lind's narrative that he forgot the time and the program overran 15 minutes, but nobody objected.

There was a double header on birthdays, Clyde Parker's of June 9th and John A. Hoffbauer's of June 10th being remembered with the customary presentation of red carnations.

Five visiting Rotarians from Staples were present, President Bert J. Dower, Secretary George Beckett and Paul Reed, J. R. Fremis and E. E. Greeno. Another out of town visitor was Ray M. Bergeson, secretary of the Bismarck, N. D. club. Others present were Harry Kent, guest of John F. Woodhead and G. W. Chadbourne, guest of L. R. Tanner.

Carl Wright and Walter F. Wieland were classmates of Wallace Lind in the Brainerd high school.

Walter F. Wieland, delegate of the Brainerd Rotary club, left Friday morning for Duluth where he joined the Duluth Rotarians and others, going to the International Rotary convention at Toronto, Canada, and arriving there the morning of June 16th.

JACOB HENDRICKS DIED

Passed Away Saturday Afternoon at
Home of His Youngest Daughter,
Mrs. Henry Moilanen

Jacob Hendricks passed away on Saturday afternoon, June 14th at the home of his youngest daughter, Mrs. Henry Moilanen, death being caused from the infirmities of old age and from a hemorrhage of the brain.

Deceased was born in Finland, September 1st, 1842, and would have been eighty-two years of age on his next birthday. He came to the United States twenty-two years ago, and has made his home in Brainerd ever since.

He is survived by two daughters, Mrs. Henry Moilanen and Mrs. Oscar Emilson, and two sons, Charles of Brainerd, and Adolph of Berkeley, Calif., also by two sisters and a brother. His wife preceded him in death five years ago.

The funeral will be held at two o'clock Tuesday afternoon from the Finnish Lutheran church, corner of Quince and Fourteenth streets, Rev. Kantonen officiating. Interment will be made in Evergreen cemetery.

NEW SELLING PLAN IN EFFECT

Woodhead Motor Co., Uses Out Door
Sales Plan in Used and Re-
built Cars

CORNER FRONT AND SOUTH 5TH

Sales Lot Will be in Charge of
Thomas Olson, An Experienced
Man

The Woodhead Motor Company today inaugurated a new selling plan in its used and rebuilt car department. The lot at the corner of Front and South Broadway, just east of D. E. Whitney's, has been secured for an outdoor sales lot, for the sale of used Ford cars.

This sales lot will be in charge of Thomas Olson, who has been handling the company's used car department for the past year. Mr. Olson will show Fords of all models at prices to suit every purse, with attractive terms.

The idea of an open-air sales lot is not altogether original with the local company. The large city dealers have employed this means of exhibiting used cars most successfully for the past year.

The Woodhead Motor Company's stock of new Ford cars is necessarily so large, that there is no room for properly displaying the used cars, which always find a ready sale when easily accessible to the public. These used cars have been carefully overhauled and put in the best mechanical condition possible. A number of them have been entirely rebuilt.

CAR SIDESWIPE

Omer Liners' Automobile Damaged by
Driver on Little Falls Road

Sunday

While driving from Brainerd to Little Falls, the Ford car owned and driven by Omer Liners was hit by a Crosby car, that passed him.

The impact caved in the back of the Ford. The other car suffered a broken fender, headlight and radiator. Mr. Liners secured the number of the Crosby car. The accident occurred a mile north of Ft. Ripley.

American Legion Auxiliary

The Ladies Auxiliary of the American Legion, meets this evening at 8 o'clock in the Rotary room at the Ramsford hotel. All members are asked to make a special effort to attend.

It appeals to people of refined taste—Blue Devil Cleanser and Water Softener.

GRAND VIEW LODGE OPENING

Big Dance is Featured, With Hed-
strom Orchestra, Saturday Even-
ing, June 21

DINNER SERVED 6 TO 8 P. M.

Lodge Dancing Floor Has Surface of
6,000 Square Feet, Largest
in District

Grand View Lodge, located on Gull lake, will have its formal opening this season on Saturday evening, June 21, when the lodge will be host at a big dance and a dinner will be served. The dinner hours will be from 6 to 8 o'clock.

The lodge has a dancing floor with 6,000 square feet of surface, believed to be the largest in the Brainerd Lake Region. Connected with the lodge there are 20 sleeping cottages and a club house, all offering accommodations for 100 people.

Last year Grand View lodge recorded the biggest business in its history and the resort was filled from June to the middle of September. Tourists coming from all states of the union.

"This year," said M. V. Baker, owner, "judging from the hundreds of inquiries and reservations already made, we expect a continuance of the high mark attained last year."

The resort has added four splendid horseshoe courts conforming to association regulations. An invitation is extended horseshoe devotees to use these courts free of charge.

The bathing beach is equipped with diving boards, etc. The lodge has a complete equipment of boats, all bathing facilities, etc.

J. C. Congdon Circle

The J. C. Congdon circle, No. 89, Ladies of the G. A. R., will have a picnic in Gregory park on Tuesday afternoon, beginning at 2:30 o'clock. All members are requested to be present. All post members are cordially invited to attend.

UNITED STATES DISTRICT COURT DISTRICT OF MINNESOTA FIFTH DIVISION

In the Matter of Sheridan W. Potter, Bankrupt, in Bankruptcy.
To the Creditors of Sheridan W. Potter of Long Lake Township, in the County of Crow Wing, and District aforesaid, Bankrupt.

Notice is hereby given that on the 12th day of June, A. D. 1924, the said Sheridan W. Potter was duly adjudged bankrupt and the first meeting of creditors will be held at the office of the undersigned, 606 Palladio Building, Duluth, Minnesota, on the 23rd day of July, A. D. 1924, at 11 o'clock A. M., at which time the creditors may attend, prove their claims and elect a trustee, examine the bankrupt and transact such other business as may properly come before the meeting.

Dated Duluth, Minnesota, June 14, 1924.

WILLIAM O. PEALER,
Referee in Bankruptcy.

HAROLD KALLAND ALL AROUND CHAMPION

**BRAINERD MAN
WINS EVENT,
324 OUT OF 350**

**WAS WINNER OF THE SAME
EVENT AT BREEZY POINT
LAST YEAR**

**BREEZY POINT AGAIN GETS THE
STATE SHOOT FOR
1925**

Breezy Point Lodge, Pequot, Minn. June 16.—Harold Kalland of Brainerd won the all-around championship of the state, breaking 324 out of a possible 350 at the state trapshooting tournament closing Saturday.

Gust Evander of Wheaton and I. H. Dart of Litchfield, tied for second place with 323.

Renfro of Minneapolis won the all-around professional championship, breaking 335 out of 350 targets.

By unanimous vote Breezy Point was again accorded the honor of being the scene of a trapshooting tournament. It gets the 1925 meet after entertaining, with increasing success, the shoots of 1923 and 1924.

State association officers elected are President Captain William H. Fawcett; Vice president Dr. G. H. Jones of Duluth; Secretary-Treasurer A. C. White of Brainerd; Zone delegate Dave Fauskee, Worthington; alternate H. W. Maginnis, Minneapolis.

Gust Evander of Wheaton won the state amateur handicap championship with a score of 97. James E. Dickey won the professional with 97.

LOST AND FOUND—CALL 74

GOLFERS ASK CHANGE IN RULES FOR OPEN

By FRANK GETTY
(United Press Staff Correspondent)

New York, June 16.—The sectional qualifying idea having had a lukewarm welcome among golfers who participated in the National Open, the committees of the United States Golf Association and the Professional Golfers' Association of America are casting about for some more satisfactory system of weeding out aspirants for the open title.

A British plan, with tests held in two days and the scores counting for the championship proper, has been advocated and is certainly worth a trial.

This would require a 36-hole layout, but such sites are available, and certainly some of the complaints heard against the sectional system tried this year equaled those against the procedure at Skokie in 1922 and Inwood in 1923.

In the opinion of a majority of golfers, the old system worked better than this year's; but the old system had many faults. What is needed is not so much a new plan, as a good plan.

The original procedure was to devote three days to qualifying and two days to championship proper. This consumed five days, the team match another, while, when there was a tie, as happened at Inwood, a full week had been used up.

To that must be added the three or four days preceding the open championship, which the entrants usually devote to practicing on the course in question. According to the distance they travel, therefore, 10 and even 15 days are required of many professionals away from their clubs.

Loss of time, loss of earnings, plus a necessary addition to expenses in the form of hotel and travel bills, caused a demand for a change. Hence the sectional qualifying plan.

Another objection to the old system was that with three days devoted to qualifying, those who drew starting times for the first day had to remain around idle for two days until the championships proper started.

This year, therefore, qualifying rounds were played at Worcester and Oak Park. Most of those who participated, however, put in an appearance three or four days ahead of time, to get accustomed to the courses, and many went directly to Detroit for their qualifying course, so that more time, if anything, was consumed than under the old plan. The contestants devoted extra days to getting used to two courses instead of one.

Moreover, in the matter of railroad fares, expenses proved equally heavy for most under the new sectional plan, and for some the expense was much greater.

DOC STEINFELDT WON BALL GAME

Dentist Shone as the Bright Particular Star in Brainerd Elks Baseball Lineup

BARE HAND CATCH OF FLY

Spearer Another High, Fast One and at Bat Pounded Out 2-Bagger, Driving in Two Runs

You got to hand it to Doc Steinfeldt for putting the Brainerd Elks-Pequot game on ice for the Brainerd Elks. The popular dentist, in spite of a sore arm and game leg, starred at center field where he stopped a Pequot batting rally by making a mighty run and winding up with a high jump for a skyrocket fly from a Pequot batsman and spearing the ball with his bare hand. So great was the momentum of Doc that he ran a base length before slowing his stride.

As if that wasn't enough, along came another sizzling fly ball; Doc got well set and speared 'em again.

And at bat! Steinfeldt hammered out a smoking two-bagger which drove in two runs and helped to clinch the score. It was a great day, regular baseball weather Sunday and even tourists, hearing of the game, flocked to the grounds.

The Brainerd Elks lineup included Eli Caron, catcher; Gaskill, second base; Long, short; Louis Imgrund, third base; Ziebell, pitcher; Doc Steinfeldt, center field; O. Larson, short and right field; Walt Kunitz, first base; Fox, left field; Theo, right field. Ziebell had 4 strikeouts and walked two.

Richmond of the Pequot team struck out nine men and walked one. Four hits were made off Ziebell and four off Richmond. Brainerd Elks amassed four errors and the Pequot clan three.

Score by innings— R. H. E.
Brainerd Elks 010 102 0—4 4 4
Pequot 011 000 0—2 4 3
Batteries—Ziebell and Caron; Richmond and Risness. Attendance 500. No admission was charged. Winners pulled down a \$25 prize, and the losers got 15 bucks.

ARMY BATTLER MAY ASCEND TO WELTER THRONE

June 16.—The United States army may produce the next welterweight champion.

Eddie Burnbrook is the young man's name and he is coming along with great strides in professional rings.

Burnbrook is rugged, can hit and is as game as they make 'em.

Recently he battled the formidable Paul Doyle in New York. In the second round Doyle dropped him cold with a right to the jaw. The soldier fighter just did get on his feet at the count of nine. The bell saved him.

The rest between rounds brought Burnbrook around fine, after which he stepped out and punched Mr. Doyle to pieces, winning every one of the remaining 10 rounds.

CROSBY-IRONTON WINS A GAME

Crosby, June 16.—St. Cloud was defeated 5 to 1 by Crosby-Ironton Sunday. Batteries for St. Cloud, Henry and Hallender; for Crosby-Ironton, Tracy and Schmidt.

USES AIRPLANE TO SPOT COMFORTABLE CAMPING PLACE

St. Paul, June 16.—Hunting for a suitable camping place by airplane was part of the service given Irvin Cobb, Bob Lavis, Charles Heddon, Dowagiac, Mich., fishing tackle magnate, and Charles Palmer, magazine writer, by the Ten Thousand Lakes of Minnesota Association.

The party is now fishing in the Mantrap chain of lakes, north of Park Rapids. From there they will there was little to choose in selecting go to the St. Croix river.

When investigation proved that a lake in the region around Park Rapids, so far as good bass fishing was concerned, it was decided by a Lakes' association representative that the most scenic lake should be selected.

With the co-operation of the Curtiss Northwest Air Port, this was accomplished in a few hours. One of the airport machines, under guidance of Paul Hamilton, was doing mapping work in the region, and took the Lakes' association man over the Mantrap chain.

The Lakes' association was charged with making all arrangements for the trip.

As part of a campaign to give Minnesota's recreational advantages national publicity, the association early last winter started negotiations with a number of magazine writers, inviting them to spend their vacations in Minnesota.

When it was learned that Mr. Heddon had invited three writers for a bass fishing trip, destination undetermined, keen competition between Wisconsin and Minnesota resulted. Following a trip to Dowagiac by Donald Hough, publicity director of the Ten Thousand Lakes association, the Minnesota trip was assured.

Can "Tiny" Turn Trick?

Glenn "Tiny" Hartranft, Stanford university athlete, is certain of a place on the American Olympic games team by reason of his work in the 16-pound shot and discus. Hartranft recently made a heave of 50 feet 11½ inches, which is one-half inch short of equaling Ralph Rose's world's record in the 16-pound shot. Hartranft is picked to break the record in the Olympic tryouts.

Sheep Sold Unborn

In the wool-growing states of the West it is a common occurrence for thousands of sheep to be sold before they are born. In Wyoming recently a deal was put through for the sale of 50,000 lambs at \$7 per head, not one of which was yet alive.

GRANDMA NEVER LET HER HAIR GET GRAY

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's" Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Advt.

BRAINERD MAN WINS EVENT, 324 OUT OF 350

WAS WINNER OF THE SAME EVENT AT BREEZY POINT LAST YEAR

BREEZY POINT AGAIN GETS THE STATE SHOOT FOR 1925

Breezy Point Lodge, Pequot, Minn. June 16.—Harold Kalland of Brainerd won the all-around championship of the state, breaking 324 out of a possible 350 at the state trapshooting tournament closing Saturday.

Gust Evander of Wheaton and I. H. Dart of Litchfield, tied for second place with 323.

Renfro of Minneapolis won the all-around professional championship, breaking 335 out of 350 targets.

By unanimous vote Breezy Point was again accorded the honor of being the scene of a trapshooting tournament. It gets the 1925 meet after entertaining, with increasing success, the shoots of 1923 and 1924.

State association officers elected are President Captain William H. Fawcett; Vice president Dr. G. H. Jones of Duluth; Secretary-Treasurer A. C. White of Brainerd; Zone delegate Dave Fauskee, Worthington; alternate H. W. Maginnis, Minneapolis.

Gust Evander of Wheaton won the state amateur handicap championship with a score of 97. James E. Dickey won the professional with 97.

DOC STEINFELDT WON BALL GAME

Dentist Shone as the Bright Particular Star in Brainerd Elks Baseball Lineup

BARE HAND CATCH OF FLY

Speared Another High, Fast One and at Bat Pounded Out 2-Bagger, Driving in Two Runs

You got to hand it to Doc Steinfeldt for putting the Brainerd Elks Pequot game on ice for the Brainerd Elks. The popular dentist, in spite of a sore arm and game leg, starred at center field where he stopped a Pequot batting rally by making a mighty run and winding up with a high jump for a skyrocket fly from a Pequot batsman and spearing the ball with his bare hand. So great was the momentum of Doc that he ran a base length before slowing his stride.

As if that wasn't enough, along came another sizzling fly ball; Doc got well set and speared 'em again. And at bat! Steinfeldt hammered out a smoking two-bagger which drove in two runs and helped to clinch the score. It was a great day, regular baseball weather Sunday and even tourists, hearing of the game, flocked to the grounds.

The Brainerd Elks lineup included Eli Caron, catcher; Gaskill, second base; Long, short; Louis Imgrund, third base; Ziebell, pitcher; Doc Steinfeldt, center field; O. Larson, short and right field; Walt Kunitz, first base; Fox, left field; Thoe, right field. Ziebell had 4 strikeouts and walked two.

Richmond of the Pequot team struck out nine men and walked one. Four hits were made off Ziebell and four off Richmond. Brainerd Elks amassed four errors and the Pequot clan three.

Score by innings— R. H. E.
Brainerd Elks, 010 102 0—4 4 4
Pequot011 000 0—2 4 3
Batteries—Ziebell and Caron; Richmond and Risness. Attendance 500. No admission was charged. Winners pulled down a \$25 prize, and the losers got 15 bucks.

ARMY BATTLER MAY ASCEND TO WELTER THRONE

June 16.—The United States army may produce the next welterweight champion. Eddie Burnbrook is the young man's name and he is coming along with great strides in professional rings.

Burnbrook is rugged, can hit and is as game as they make 'em.

Recently he battled the formidable Paul Doyle in New York. In the second round Doyle dropped him cold with a right to the jaw. The soldier fighter just did get on his feet at the count of nine. The bell saved him.

The rest between rounds brought Burnbrook around fine, after which he stepped out and punched Mr. Doyle to pieces, winning every one of the remaining 10 rounds.

CROSBY-IRONTON WINS A GAME

Crosby, June 16.—St. Cloud was defeated 5 to 1 by Crosby-Ironton Sunday. Batteries for St. Cloud, Henry and Hallender; for Crosby-Ironton, Tracy and Schmidt.

USES AIRPLANE TO SPOT COMFORTABLE CAMPING PLACE

St. Paul, June 16.—Hunting for a suitable camping place by airplane was part of the service given Irvin Cobb, Bob Lavis, Charles Heddon, Dowagiac, Mich., fishing tackle magnate, and Charles Palmer, magazine writer, by the Ten Thousand Lakes of Minnesota Association.

The party is now fishing in the Mantrap chain of lakes, north of Park Rapids. From there they will there was little to choose in selecting go to the St. Croix river.

When investigation proved that a lake in the region around Park Rapids, so far as good bass fishing was concerned, it was decided by a Lakes' association representative that the most scenic lake should be selected.

With the co-operation of the Curtis Northwest Air Port, this was accomplished in a few hours. One of the airport machines, under guidance of Paul Hamilton, was doing mapping work in the region, and took the Lakes' association man over the Mantrap chain.

The Lakes' association was charged with making all arrangements for the trip.

As part of a campaign to give Minnesota's recreational advantages national publicity, the association early last winter started negotiations with a number of magazine writers, inviting them to spend their vacations in Minnesota.

When it was learned that Mr. Heddon had invited three writers for a bass fishing trip, destination undetermined, keen competition between Wisconsin and Minnesota resulted. Following a trip to Dowagiac by Donald Hough, publicity director of the Ten Thousand Lakes association, the Minnesota trip was assured.

Can "Tiny" Turn Trick?

Glenn "Tiny" Hartranft, Stanford university athlete, is certain of a place on the American Olympic games team by reason of his work in the 16-pound shot and discus. Hartranft recently made a heave of 50 feet 11½ inches, which is one-half inch short of equalling Ralph Rose's world's record in the 16-pound shot. Hartranft is picked to break the record in the Olympic tryouts.

Sheep Sold Unborn

In the wool-growing states of the West it is a common occurrence for thousands of sheep to be sold before they are born. In Wyoming recently a deal was put through for the sale of 50,000 lambs at \$7 per head, not one of which was yet alive.

GRANDMA NEVER LET HER HAIR GET GRAY

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's" Sage and Sulphur Compound. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.—Advt.
